The Decline of America David D. Schein, 2018-02-13 The Decline of America offers a carefully documented analysis of the last seventeen U S presidents These men eight Democrats and nine Republicans have shaped the last 100 years not only for America but for the world Each president is profiled with unsparing scrutiny so we can see where it s all gone wrong David Schein follows these critiques by proposing ways to improve America s outlook for the next 100 years before it s too late

Capital and the Common Good Georgia Levenson Keohane, 2016-09-27 Despite social and economic advances around the world poverty and disease persist exacerbated by the mounting challenges of climate change natural disasters political conflict mass migration and economic inequality While governments commit to addressing these challenges traditional public and philanthropic dollars are not enough Here innovative finance has shown a way forward by borrowing techniques from the world of finance we can raise capital for social investments today Innovative finance has provided polio vaccines to children in the DRC crop insurance to farmers in India pay as you go solar electricity to Kenyans and affordable housing and transportation to New Yorkers It has helped governmental commercial and philanthropic resources meet the needs of the poor and underserved and build a more sustainable and inclusive prosperity Capital and the Common Good shows how market failure in one context can be solved

with market solutions from another an expert in securitization bundles future development aid into bonds to pay for vaccines today an entrepreneur turns a mobile phone into an array of financial services for the unbanked and policy makers adapt pay for success models from the world of infrastructure to human services like early childhood education maternal health and job training Revisiting the successes and missteps of these efforts Georgia Levenson Keohane argues that innovative finance is as much about incentives and sound decision making as it is about money When it works innovative finance gives us the tools motivation and security to invest in our shared future

The Debt Trap Josh Mitchell, 2021-08-03 AN NPR AND NEW YORK POST BEST BOOK OF THE YEAR From acclaimed Wall Street Journal reporter Josh Mitchell the devastating account The Wall Street Journal of student debt in America In 1981 a new executive at Sallie Mae took home the company's financial documents to review You've got to be shitting me he later told the company's CEO This place is a gold mine Over the next four decades the student loan industry that Sallie Mae and Congress created blew up into a crisis that would submerge a generation of Americans into 1.5 trillion in student debt In The Debt Trap Wall Street Journal reporter Josh Mitchell tells the vivid and compelling Chicago Tribune untold story of the scandals scams predatory actors and government malpractice that have created the behemoth that one of its original architects called a monster As he charts the jaw-dropping Jeffrey Selinger New York Times bestselling author of Who Gets in and Why seventy-year history of student debt in America Mitchell never loses sight of the countless student victims ensnared by an exploitative system that depends on their debt Mitchell also draws alarming parallels to the housing crisis in the late 2000s showing the catastrophic consequences student debt has had on families and the nation's future Mitchell's character-driven narrative is necessary reading The New York Times for anyone wanting to understand the central economic issue of our day

Teach Janice Koch, 2019-01-02 Teach is a concise introduction to education that challenges students' preconceived notions of teaching in order to transform them into reflective practitioners Empathizing with the difficulties students face as they move from the college classroom to their own classrooms revered author Janice Koch invites readers to both reflect on their own dispositions for teaching and look outside of themselves to the demands of the profession making the philosophy of teaching and learning accessible and relevant The Fourth Edition emphasizes the changing student population and the role of technology and globalization in the field while also including the Interstate Teacher Assessment and Support Consortium InTASC standards correlating with each chapter's content With the guidance of this supportive text students will gain vital exposure by engaging with professional standards from the very start of their career

How We Teach Science John L. Rudolph, 2019-06-01 Despite an enduring belief that science should be taught there has been no enduring consensus about how or why This is especially true when it comes to teaching scientific process John Rudolph shows that how we think about and teach science will either sustain or thwart future innovation and determine how science is perceived by the public
