Claiming Poseidon's Heart Renee Field,2017-09-11 The God of the Seas doesn t believe in soul love He rules his kingdom with an iron fist When whalers try to kill his creatures he lets his anger get the best of him Saving the woman diver unleashes a chain of events and for once in his existence Poseidon doesn t know how to cope with the strong willed female who doesn t think much of him Soki can t believe her luck Determined to make her way in the world by using her brain she knows she doesn t have the looks to attract men like the man who kissed her back to the land of the living Passion and friendship are two things Poseidon never thought to encounter in a female let alone a mortal human woman A taste of Soki s love is not enough and the God of the Seas will do all he can to convince her he s worth dying for **Paths of Song** Rosa Andújar,Thomas R. P. Coward,Theodora A. Hadjimichael,2018-02-05 Paths of Song The Lyric Dimension of Greek Tragedy analyzes the multiple and varied evocations of choral lyric in fifth century Greek tragedy using a variety of methodological approaches that illustrate the myriad forms through which lyric is present and can be presented in tragedy This collection focuses on different types of interaction of Greek tragedy with lyric poetry in fifth century Athens generic mythological cultural musical and performative The collected essays demonstrate the dynamic and nuanced relationship between lyric poetry and tragedy within the larger frame of Athenian song and performance culture and reveal a vibrant and symbiotic co existence between tragedy and lyric Paths of Song illustrates the effects that this dynamic engagement with lyric possibly had on tragic performances including performances of satyr drama as well as on processes of survival and reputation selection and refiguration tradition and innovation The volume is of particular interest to scholars in the field of classics cultural studies and the performing arts as well as to readers interested in poetic transmission and in cultural evolution in antiquity Homer's Cosmic Fabrication Bruce Heiden,2008-11-17 Although scholars routinely state that the Iliad is an oral poem since very near the time of its composition the great epic has circulated as a text stabilized in writing and popular with readers for study as well as enjoyment What makes the Iliad the good read we know it to be In Homer s Cosmic Fabrication Bruce Heiden delineates a new approach aimed at evaluating what the Iliad furnishes to readers that makes it comprehensible and engaging His program draws upon cognitive narratology to develop novel research that illuminate the epic s artistry and philosophical depth Homer's Iliad: The Real Story John D. Martin,2025-07-30 For the nearly three millennia since its creation the Iliad s Real Story has gone undiscovered Homer a blind poet as antiquity believed him to be created a powerful war story which must have enthralled his listening audiences But this story concealed another one far grander in design and immensely more clever in execution which can be discovered only by careful examination of the written text Living in an age where literacy was minimal Homer created this story for the gods and undoubtedly never expected any mortal to understand it Homer s imaginative fantasy radically undermines traditional Trojan War mythology and exposes the speciousness of war s glory the folly of the warriors who supposedly fight for it and the amorality of the gods

who help them do so Homer's great war poem great indeed war poem indeed is in its depths antiwar In piecing together the Iliad's web of secret plans deeply hidden motives and subtle lies and deceptions and in the process identifying and discarding post Homeric corruptions to the text we will find an Iliad which is not a prelude to Achilles glorious early death and the Fall of Troy but the opposite In a concealed ending towards which the entire story has been leading Homer's own words will tell us how Achilles as supplicated by Priam chooses a long life without renown and goes home The Greek army unwilling to fight without its greatest warrior leaves also sparing peaceful holy Troy Zeus favorite city and best hope for mankind Homer tells this story with a brilliance that is almost unimaginable until one actually encounters it The Real Iliad is an immense intellectual challenge and an inexhaustible source of surprises Far from a formalistically heroic epic as has long been thought it is an imaginative expression of the full creative powers of Western antiquity's greatest author
