[The Modern Doctrines of Champerty and Maintenance](#) Rachael Mulheron, 2023-06-21 As torts and as crimes, champerty and maintenance were abolished by statute in England and Wales in 1967. They were considered to be obsolete and the product of a bygone age when abuses of the court system as practised by rich and powerful noblemen required a robust legal response. A modern, sophisticated, and independent judiciary rendered it unnecessary either to punish or to compensate for champerty or maintenance any longer. However, post 1967, their impact was retained via a reservation provision which ensures that any contract tainted by champerty or maintenance is to be treated as contrary to public policy.

or otherwise illegal Fast forward five decades to the present day and whilst maintenance has arguably reached its use by date in English law the same cannot be said of its more aggressive cousin Champerty as a doctrine retains considerable modern impact in this jurisdiction stalking the modern funding and civil procedure landscape It continues to have greatest impact in two areas the funding of litigation and the assignments of causes of action The Modern Doctrines of Champerty and Maintenance looks comparatively at jurisdictions attitudes towards champerty and maintenance together with an analysis of law reform studies in the area both in England and elsewhere **Gilbert's Practice Manual** New York (State),1922
