Don Juan And The Point Of Honor Seduction Patriarchal Society:

Don Juan and the Point of Honor James Mandrell, 2010-11-01 In *Don Juan and the Point of Honor* James Mandrell undertakes a systematic examination of the many questions surrounding the legendary character What emerges is a view of Don Juan as a positive social force in patriarchal society and culture Mandrell shows that Don Juan should not be treated as an innocent or outmoded cultural artifact

The Collected Writings of Franz Liszt Janita R. Hall-Swadley, 2012-04-20 During his early years Franz Liszt worked as a traveling piano virtuoso his adventures highlighted by his entrance into the literary world as a correspondent for the most popular French journals of his time In this second volume of Janita Hall Swadley's *The Collected Writings of Franz Liszt* Liszt's work as a music essayist and journalist is on full display In his essays readers will see the influence of the revolutionary theories of Hugues Felicit Robert de Lamennais Victor Hugo and Francois Ren de Chateaubriand as Liszt boldly calls for social reforms on behalf of musicians and musical institutions from demands for a repertoire of church music of divine praise to the timely publication of inexpensive music editions In addition to Liszt's scandalous review of Sigismond Thalberg and the fiery exchange that ensued the essays include his testimonies to living composers Giacomo Meyerbeer and Robert Schumann and the recently deceased Niccol Paganini Alongside the essay this new translation of Liszt's letters opens a window onto the composer's immersion in the Italian countryside where he paints a portrait of a rich musical landscape Liszt regales his correspondents with amusing anecdotes at Sand's Italian country estate in Nohant describes the beautiful landscape and artistic treasures of Italy from his residence on Lake Como defends himself from Heinrich Heine's accusations of his ill seated character discusses the religious aesthetic of Raphael's painting and offers his thoughts on the interconnectedness of all the arts Including two complete facsimile reproductions of the existing manuscripts for *De la situation des artistes* and *Sur Paganini propos de sa mort* Essays and Letters of a Traveling Bachelor of Music is a must read for student and scholars of 19th century classical music

Modern Myths David Bevan, 2023-12-18 *The Foreign Woman in British Literature* Marilyn D. Button, Toni Reed, 1999-11-30 While England has been strengthened by a proud isolationism she has simultaneously been enriched by the economic social and political complexities that have emerged as people of different ethnic and cultural backgrounds have moved within her borders or when her own citizens have emigrated among those foreigners to live or rule This book explores the foreign element in English culture and the attempt by English writers from the early 19th to the mid 20th century to portray their complex and often ambiguous responses to that doubly foreign element among them the foreign woman While being foreign may begin with national or ethnic difference the contributors to this book expand it to include other forms of alienation from a dominant culture resulting from gender race class ideology or temperament The many factors shaping English national identity including British imperialism immigration patterns English

family and social structures and English common law have been shaped by gender related issues Though not a prominent literary figure the foreign woman in England has received increasingly critical attention in recent years as a psychological and sociological phenomenon By beginning with Byron in the early 19th century and concluding with Lawrence Durrell in the 20th century this study contributes to a more comprehensive vision of the foreign woman as she is portrayed by a number of British authors including Shelley Wordsworth Charlotte Bront Elizabeth Barrett Browning Wilkie Collins George Eliot Joseph Conrad D H Lawrence and Anita Brookner

The Metamorphoses of Don Juan's Women Ann Davies, 2004 While many scholars have approached Don Juan in terms of myth this study argues for the understanding of Don Juan as a discourse of gender relations changing over time Using examples from the plays by Tirso de Molina Moliere Mozart Zorrilla Shaw and Frisch it argues that Don Juan's entire identity as a male individual is constructed around women but that over time reflecting a growing sense of crisis in the male individual the women appear more and more pathological in their desire for Don Juan In contrast with early modern works where women fend for themselves in a positive manner the heroines of later Don Juan works actively prey on the individual male This book argues that these changes in approach to the female characters and in tandem the developing identity of the male protagonist suggest Don Juan as dischronic discourse rather than myth

The Spanish Flu R. Davis, 2013-08-20 The 1918 Spanish flu epidemic is now widely recognized as the most devastating disease outbreak in recorded history This cultural history reconstructs Spaniards' experience of the flu and traces the emergence of various competing narratives that arose in response to bacteriology's failure to explain and contain the disease's spread
