Andrew J. Webber

Doppelgänger A Tragicomedy:

Doppelgänger D. L. Lewis, 2015-01-02 A woman with a bit too much Viking blood crosses verbal swords with a homicide detective suffering from an identity crisis he wants to be Lieutenant Columbo The situation is complicated by the lady's phantom double and a very unusual chicken This is a short story not a novel **The Doppelgänger** Andrew J.

Webber, 1996-06-27 Ever since its literary coinage in Jean Paul's novel *Siebenk's* 1796 the concept of Doppelgänger has had significant influence upon representations of the self in German literature This study charts the development of the double from its origins in the Romantic period through its more marginal but nonetheless significant manifestations in the post-Romantic culture to its revival at the fin de siècle and transfer to the silent screen The book features an introduction to the practice and theory underlying the use of the Doppelgänger with particular reference to psychoanalysis followed by chapters on Jean Paul Hoffmann Kleist poetic realism Droste H. Hoffmann Keller Storm and modernism Kafka Rilke Hoffmannsthal Schnitzler Meyrink Werfel This study shows that the often underestimated figure of the double may provide a key to the epistemological aesthetic and psychosexual structures of the texts it visits and revisits with a particular focus on its effects in the fields of vision and language *The Routledge Companion to Absurdist Literature* Michael Y. Bennett, 2024-05-29 The Routledge Companion to Absurdist Literature is the first authoritative and definitive edited collection on absurdist literature As a field defining volume the editor and the contributors are world leaders in this ever exciting genre that includes some of the most important and influential writers of the twentieth century including Samuel Beckett Harold Pinter Edward Albee Eugene Ionesco Jean Genet and Albert Camus Ever puzzling and always refusing to be pinned down this book does not attempt to define absurdist literature but attempts to examine its major and minor players As such the field is indirectly defined by examining its constituent writers Not only investigating the so-called Theatre of the Absurd this volume wades deeply into absurdist fiction and absurdist poetry expanding much of our previous sense of what constitutes absurdist literature Furthermore long overdue approximately one third of the book is devoted to marginalized writers black Latin x female LGBTQ and non-Western voices **Romantic Disillusionism and the Sceptical Tradition** Rolf P.

Lessenich, 2017-01-16 Platonic Romanticism had a dark underside from its inception Romantic Disillusionism encompassing the Gothic and the new demonic doppelgänger The Classical Tradition's conflict between Plato and Pyrrho foundationalism and scepticism optimism and pessimism was thus continued Lord Byron's was the most listened to and echoed voice of Romantic Disillusionism in Europe though by far not the only one This comparative study of a multiplicity of sceptical English French German Italian Spanish Russian Polish and Czech voices shows how traditional Pyrrhonic arguments were updated to suit the decades of the Romantic Movement surviving as a subversive countercurrent to later Victorianism and resurging in the literature of the Decadence and Fin de Siècle **Publications of the English Goethe Society**, 1994 *Family Politics in Early Modern Literature* Hannah Crawforth, Sarah Lewis, 2017-01-03 This book considers the ways that family relationships

parental marital sibling or other mimic and stand in for political ones in the Early Modern period and vice versa Bringing together leading international scholars in literary historical fields to produce scholarship informed by the perspective of contemporary politics the volume examines the ways in which the family defines itself in transformative moments of potential crisis birth and death maturation marriage moments when the family is negotiating its position within and through broader cultural frameworks and when as a result family politics become most apparent *The Oxford Handbook of Shakespeare and Early Modern Authorship*, 2025-09-09 The Oxford Handbook of Shakespeare and Early Modern Authorship draws together leading and emerging scholars of Shakespeare and early modern literature to consider anew how authorship worked in the time in which Shakespeare wrote and to interrogate the construction of the Shakespeare as author figure Composed of four main sections it offers fresh analysis of the literary and cultural influences and forces that formed authors in the period the mechanics of early modern authorship the mediation of Shakespeare and others works in performance manuscript and print and the critical and popular reimagining across times of Shakespeare as an author figure Diving into modern debates about early modern authorship authority and identity politics contributors supply rich new accounts of the wider scene of professional authorship in early modern England of how Shakespeare's writings contributed to it and of what made him distinctive within it Looking beyond Shakespeare the Handbook seeks to provide a vital testing ground for new research into early modern literature and culture more broadly **The New York Public Library Literature Companion** New York Public Library, 2001 This is the first one volume reference book to organize discuss literature by topic rather than alphabetical order providing information in a reader friendly format *Brief Definitions of All Essential Literary Terms* Saad Elkhadem, 2000 *Xenophobic Memories* Monika Gomille, Klaus Stierstorfer, 2003 **The Harper Handbook to Literature** Northrop Frye, 1997 A practical Chronology of Literature and World Events at the end of the text presents a comprehensive timeline from the earliest cities of Mesopotamia to contemporary names and titles *Themes & Motifs in Western Literature* Horst S. Rotten Way to be Wounded Wolfgang E. H. Rudat, 1990 *A Rotten Way to Be Wounded The Tragicomedy of The Sun Also Rises* is the kind of close textual study of *The Sun Also Rises* that Hemingway scholars have recently been calling for Careful textual analysis and an exploration of Hemingway's use of literary allusion as a narrative technique combine to offer many unorthodox and thought provoking interpretations of character portrayal narrative movement and plot While the ideas presented may be bold and innovative this is a well documented scholarly work which will provide many points of departure for others trying to read between the lines of Hemingway's deceptively simple prose
