Down And Out In Silicon Valley English Edition

Mel Krantzler, Patricia Biondi Krantzler

Down And Out In Silicon Valley English Edition:

Down and Out in Silicon Valley Mel Krantzler, Patricia Biondi Krantzler, 2002-02 Like Icarus flying too close to the sun many once promising dot com entrepreneurs have been burned by overweening ambition and come crashing to the ground Besides the economic wreckage left in the wake of their high flying dreams there is also a good deal of psychological turmoil Psychologists Mel Krantzler and his wife Pat both counselors who have helped hundreds of managers and CEOs of high tech companies cope with dreams turned to nightmares expose the shadowy side of Silicon Valley in this revealing book about the personal costs of success In addition to being a psychologist Dr Krantzler is also a trained economist His economic expertise combined with his psychology practice enables him to uniquely illuminate Silicon Valley s culture from both perspectives This is the first book to explode the romanticized myth of Silicon Valley which is still so prevalent in advertising and the media What you never hear about this Mecca of high tech culture is that it has one of the highest divorce rates in the world more children who are psychologically disturbed than in less affluent areas almost no affordable decent housing even for those earning 50 000 a year and widespread alcohol and drug use What the Krantzlers make clear is that aside from the simple geographical designation Silicon Valley is the name for a psychological obsession found any place where people believe that instant fame and fortune can be gained through silicon chips and Web sites This dream nourishes itself on an illusion of power and instant gratification And like heroin and cocaine it is highly addictive promising total happiness but often ending in disarray and despair Based on interviews with many Silicon Valley executives who have decided to change their lives to achieve true well being for themselves and their families this book concludes with a formula for real success a well rounded balanced and fully human life

A Translation Theory of Knowledge Transfer Kjell Arne Røvik, 2023 This book develops a new theory about the challenges of transferring and sharing knowledge across organizational borders Knowledge transfer refers to processes through which actors and organizational units exchange receive and are influenced by the experience and knowledge of others and can manifest itself through changes in the knowledge bases and performance of recipients The capacity of an organization to transfer and exploit knowledge from other organizations is a key to its competitiveness progress and survival Thus imitation is an important prerequisite for innovation However effective knowledge transfer is incredibly challenging it sometimes succeeds but it frequently fails Over the last 30 years considerable research efforts have been made to identify the factors that account for the variations in outcomes of knowledge transfer processes Chapter 2 of this book contains a comprehensive review of transfer theories and research findings However despite great research efforts and many new insights much of the variation in knowledge transfer processes and outcomes remains unexplained which calls for a re theorizing of the subject This book offers a new and fresh reframing of knowledge transfer across organizational borders Based on extensive research it outlines a new theory that conceptualizes knowledge transfer between organizations as acts of translation resembling the translation of language and texts The author shows how involved actors translation

competence is a key to better understanding variations in knowledge transfer processes and outcomes Thus this new reframing both extends and challenges established theories of knowledge transfer **Book Review Index** ,2003 Every 3rd issue is a quarterly cumulation *Business Periodicals Index* ,1999 Annual Editions Helen E. Purkitt,2005-03 This twenty sixth edition of Annual Editions World Politics is a compilation of articles selected from the best of the public press including magazines newspapers and journals This title is supported by Dushkin Online www.dushkin.com online a student website that provides study support tools and links to related websites **Neon Genesis Evangelion: The Shinji Ikari Raising Project Volume 2** Osamu Takahashi,2014-10-23 Even as Gendo plots to submit his entire staff to aerobics training the sinister SEELE has sent Kaworu Nagisa to sabotage Gendo and Yui s more private objectives which means he s soon enrolling in Shinji s class Such a pretty boy starts turning heads inside homeroom 2 A even Shinji s which causes Rei and Asuka to agree to join forces on the grounds that Kaworu s presence could cause trouble for NERV The irony is that even if that s just their excuse they re right **Down and Out in the New Economy** Ilana Gershon,2024-07-06 What does it mean to market yourself as a business in today s job search world Finding a job used to be simple Now well it s complicated In today s economy you can t just be an employee looking to get hired you have to market yourself as a business one that can help another business achieve its goals That s a radical transformation in how we think about work and employment says Ilana Gershon And with Down and Out in the New Economy she digs deep into that change and what it means not just for job seekers but for businesses and our very culture In telling this story Gershon covers all parts of the employment spectrum she interviews hiring managers about how they assess candidates attends personal branding seminars talks with managers at companies around the United States to suss out regional differences like how Silicon Valley firms look askance at the lengthier employment tenures of applicants from the Midwest And she finds that not everything has changed though the technological trappings may be glitzier in a lot of cases who you know remains more important than what you know Rich in the voices of people deeply involved with all parts of the employment process Down and Out in the New Economy offers a snapshot of the quest for work today and a pointed analysis of its larger meaning **Iron Age** ,1907 **Time** Briton Hadden, Henry R.
