Dracula Ordo Draconis:

Dracula Emanuel Moldovan, 2014-10-21 It is a fight of nations it is a war of religions The Walacho Hungarian alliance keeps the Ottomans at bay but nothing last for ever Christianity is divided One man dreams of an Empire and aspires to create a power to resemble the Knights Templar In his fight against the Ottoman Empire he must strive to unite Christianity if he is to see his dream realize A secret is uncovered that could help bring this dream to fruition Of all the places to be hidden it is found in Wallachia where by chance Mircea stumbles upon it At first it sounds absurd he is conflicted with emotions but soon he comes to realize of its potential but he cannot use it the enemy has sway over him While the borders of the Hungarian Empire are under threat from the turmoil in Lombardy Wallachia is under threat from the Ottoman Empire Sigismund must strive to protect his borders while also involving himself in the matters of Lombardy Armed with a new weapon Sigismund tries to bring about a change but he is once more obstructed A new kind of cancer grips the heart of men and he must strive to cure it Witness the beginning the nature the story behind the legend What is Dracula Find your answers here

Onomastics in Interaction With Other Branches of Science. Volume 3. General and Applied Onomastics. Literary Onomastics. Chrematonomastics. Reports Urszula Bijak, Paweł Swoboda, Justyna B.

Walkowiak, 2023-12-08 Onomastics is an area of scholarly interest that has grown considerably in importance in recent years Consequently the 27th International Congress of Onomastic Sciences held in 2021 in Kraków Poland gathered scholars from all over the world active in all subfields of onomastic enquiry as well as those exploring the areas bordering on other disciplines of the humanities It thus became a venue for presenting state of the art research in the study of proper names proposing novel approaches and opening new vistas for future research The present work is the third of the three volumes of conference proceedings that are the fruit of the congress Being the most diverse thematically it contains contributions on the general and applied aspects of onomastics onymy in literature and other cultural texts and chrematonyms It ends with two reports The volume comprises 30 individual articles contributed by 35 scholars The first section devoted to general and applied onomastics features texts concerned with ever interesting questions relevant to all practitioners of the discipline the essence of properhood the meaning of proper names and onomastic terminology Scholars whose papers focused on applied onomastics were interested in problems occasioned by the translation of onyms by their pronunciation in cross cultural contact and by the use of exonyms drawing for exemplification on the Hungarian German and Czech language material respectively Literary onomastics in its broad definition constitutes by far the largest part of the volume Contributors to this section represent diverse literatures including Scottish Russian Polish Czech and Nigerian The scope and internal subdivisions of literary onomastics are discussed and the activities of the Italian Society for Literary Onomastics are presented The name Dracula is analysed in depth and so is the Old Prussian onym Patollo Some researchers take a step into the wider realm of culture Their attention is attracted by the names of spirits in the beliefs adhered to in Southwest China by

the proper names in a medieval Scottish document by the onyms that personify hunger in Italian wartime epistolography and by toponyms in video games The third section deals with chrematonyms as diverse as names of railway locomotives in Britain logonyms in Slovakia and perfume names in a Slovak online shop The naming patterns of Chinese restaurants in Czechia are studied too as well as the names of travel agencies in Germany Ukraine and Poland Finally the reader is presented with two reports One outlines new tendencies in Nordic socio onomastics while the other presents the new paradigm in the publication of *Onoma* the journal of the ICOS The book is a must not only for onomasticians but also for researchers in related disciplines ranging from history via human geography or philosophy of language to social studies However professionals active in naming will find it useful as well since it provides a much needed supranational perspective and enables cross cultural comparisons

Tolkien's Shorter Works Margaret Hiley, Frank Weinreich,2008 Tolkien s Middle earth and its legendarium have drawn extensive scholarly attention But there is more to Tolkien than the history and legends of Middle earth and there has hitherto been a certain lack of academic criticism focused primarily on his shorter fictional works Farmer Giles of Ham Smith of Wootton Major Roverandom and his poetry Although scholarly evaluations of these works exist they often deal with the shorter texts more as an afterthought as footnotes to the major texts rather than as demanding attention in their own right This dearth of studies suggests that it is time for a closer look at Tolkien s Shorter Works The current volume collects the findings of a joint conference of Walking Tree Publishers who co organised this event in order to celebrate their tenth anniversary and the German Tolkien Society at the Friedrich Schiller University in Jena Germany in 2007 Various interesting aspects details and connections are unearthed which are likely to broaden not simply the understanding of Tolkien s Shorter Works but also of the author s overall fictional work as well as the man and author J R R Tolkien himself
