Dont Shoot The Albatrossnautical Myths And Superstitions:

Don't Shoot the Albatross! Jonathan Eyers, 2012-12-19 Sailors are a notoriously superstitious lot even if some won't admit it. Years of taking to the water at the mercy of uncontrollable and sometimes deadly forces have led even the wisest to seek ways of influencing the gods or fate. From bad omens and odd rituals to lucky tokens and forbidden words, the superstitions of the sea are legion. Many of these superstitions have refused to go away and quite a few have entered the general public consciousness. Some are amusing in their own right, others have fascinating origins, whilst for many there are bizarre anecdotal incidents which would appear to lend credence to these arcane beliefs. Illustrated with quirky cartoons, this book explores nautical superstitions from all over the world in an informative yet entertaining way. Includes superstitions about Boatbuilding, naming and launching, Lucky and unlucky dates to sail, People, things and animals not to let on board, Signs and portents at sea, Words not to say and their alternatives, Predicting the weather, Fishing and much, much more. **The**

Christmas Final Voyage Jonathan Eyers,2013-01-01 Everyone knows the story of the Titanic but in terms of loss of life that catastrophe doesn't even figure as one of the 50 worst maritime disasters of the last three hundred years. The twentieth century was the age of the great ocean vessels capable of carrying thousands of passengers but it also became the age of unprecedented losses at sea. The causes of disaster are legion besides icebergs and enemy torpedoes ships have been sunk by fire, explosions, flooding, capsizing, storms, collisions and human error. Many of these disasters have been almost forgotten such as the loss of the Wilhelm Gustloff, the deadliest maritime disaster in history. 10 000 people died when the ship sank in the freezing Baltic, many of them trapped below decks in total darkness. Had they not been German civilians and had the ship not sunk in January 1945 maybe history would not have largely overlooked the catastrophe. This book tells the stories of the worst maritime disasters in history not simply in terms of lives lost but in how far reaching the effects of the disasters were. With disasters from all over the world these are stories of the people whether they lived or died as well as the ships. They are stories of tragedy, war, heroism and cowardice, greed and sacrifice. Only for the lucky few were they also stories of rescue and survival.
