**Get in the Game** Jonathan Stringfield,2022-07-15 An essential guide for marketers and execs wishing to integrate their brands with modern games and esports In Get in the Game How to Level Up Your Business with Gaming Esports and Emerging Technologies decorated gaming and social media research and marketing executive Jonathan Stringfield delivers a roadmap to understanding and navigating marketing and business integrations into the gaming ecosystem who plays games and why how modern games are created and oriented around the world of esports and where brands can get involved with modern games This book explains the breadth and depth of the gaming audience describing the rapidly changing demographics of modern games and the various motivations gamers have for playing games It also unpacks the history of gaming and how it has impacted the creative processes and output from the industry Finally it offers a practical guide for brands wishing to integrate themselves into new gaming environments with an emphasis on maximizing success for marketers developers content creators and fans Get in the Game provides A thorough introduction to why marketers and executives must pay closer attention to gaming as well as existing roadblocks to understanding the gaming industry Comprehensive explorations of the psychology and motivations of gaming and implications towards messaging and brand safety Practical discussions of gaming as a competitive platform or streaming viewing experience In depth examinations of gaming ad placements deep marketing integrations between companies and games and future directions for the industry and how it relates to the emergence of the metaverse Perfect for marketing strategists brand managers and Chief Marketing Officers Get in the Game will also earn a place in the libraries of executives seeking to connect with the misunderstood yet largest segment in consumer entertainment Hey! Listen! Andrew S. Latham,2024-02-01 How does analyzing video games as hypertexts expand the landscape of research for video game rhetoricians and games studies scholars This is the first book to focus on how hypertext rhetoric impacts the five canons of rhetoric and to apply that hypertext rhetoric to the study of video games It also explores how ludonarrative agency is seized by players seeking to express themselves in ways that game makers did not necessarily intend when making the games that players around the world enjoy This book takes inspiration from The Legend of Zelda a series which players all over the world have spent decades deconstructing through online playthroughs speedruns and glitch hunts Through these playthroughs players demonstrate their ability to craft their own agency independent of the objectives built by the makers of these games creating new rhetorical situations worthy of analysis and consideration Paperbacks in Print ,1979 **Fiction, 1876-1983: Titles** R.R. Bowker Company. Department of Bibliography,R.R. Bowker Company. Publications Systems Department,1983 **British Books in Print** ,1985 **Ways of Being Male** John Stephens,2013-10-18 Given the substantial impact of feminism on children s literature and culture during the last quarter century it comes as no surprise that gender studies have focused predominantly on issues of female representation The question of how the same patriarchal ideology structured representations of male bodies and behaviors

was until very recently a marginal discussion. Now that masculinity has emerged as an overt theme in children's literature and film, critical consideration of the subject is timely if not long overdue. *Ways of Being Male* addresses this new concern in an unprecedented collection of essays examining how contemporary debates about masculinity are reflected in fiction and film for young adults. An outstanding team of scholars elucidates the ways in which different versions of male identity are constructed and presented to young audiences. The contributors, drawn from a variety of academic disciplines, employ international discourses in literary criticism, feminism, social sciences, film theory, psychoanalytic criticism, and queer theory in their wide-ranging exploration of male representation. With its illuminating array of perspectives, this pioneering survey brings a long neglected subject into sharp focus.
