to make the project a resounding success Mission accomplished They decided this epiphany was so important that the world needed to know about it As a result they made it their mission and their passion to share this ground breaking concept with the rest of the world To achieve that lofty goal they married and began the mission that still defines their life After over 30 years of living and working together 24x7x365 they are still wildly enthusiastic about helping the victims of technology learn how to ask for and get the digital IT solutions they need to do their jobs better More importantly they are more enthusiastically in love with each other than ever before
