

Edmund Cartwright - Water-Powered Loom (1784)

INVENTIONS

The power loom revolutionized the textile industry. The power loom allowed weavers to produce cloth much faster than the traditional hand loom. It also allowed for the production of stronger, more durable fabrics. The power loom was a key invention in the Industrial Revolution, and it played a major role in the growth of the textile industry. The power loom was also used in the production of other types of cloth, such as cotton and wool. The power loom was a key invention in the Industrial Revolution, and it played a major role in the growth of the textile industry.
