Common Core Poetry Lessons Grade 3:

Upper Elementary Reading Lessons Marilyn J. Chambliss, Linda Valli, 2011-07-16 Engaging students in worthwhile learning requires more than a knowledge of underlying principles of good teaching. It demands considerable practice as well as images of what good teaching in particular situations and for particular purposes might look like. This volume provides these images. These cases were written from authentic unrehearsed lessons taught by upper elementary classroom teachers to diverse groups of real students in intact classrooms. Each lesson contains elements of sound instructional practice from which both preservice and in-service teachers can benefit. Cases are not meant to be ideal but rather to evoke ways of seeing and thinking about good classroom instruction for all learners. Accompanied by analytic commentaries from experts representing a particular perspective such as special education and ESOL, these unrehearsed cases are written with the understanding that teaching is complex and multi-dimensional. The cases are drawn from a four-year study of 4th and 5th grade mathematics instruction of culturally diverse classrooms with relatively high rates of students from low-income families.

Big6, Large and in Charge Annette C.H. Nelson, Danielle N. DuPuis, 2013-03-21 This book helps teachers and teacher librarians effectively collaborate to teach students the concept of the Big6 and complete research projects in meaningful and memorable ways. Utilizing the popular and familiar illustrated graphic novel format that appeals to young learners, Big6 Large and in Charge Project Based Information Literacy Lessons for Grades 3-6 is a book of collaborative unit plans for teacher librarians and teachers that includes all the reproducible materials needed to implement the units. The units are based around the Common Core State Standards, AASL Standards for the 21st Century Learner and other national content standards. Developed by two library media specialists with extensive experience in creating educational and entertaining lesson plans for teachers, the book takes the concept of Big6 a step further by transforming the process into an engaging character who drops in to help students solve the problems. The exercises presented are based on interesting realistic situations and are specifically designed to encourage critical thinking.

Closer Reading, Grades 3-6 Nancy Boyles, 2014-02-19 Close Closer Closest Close Reading. Not in a very long while has a term been freighted with so much responsibility to lead every student to a great future of college and career readiness. Finally here is a book that tunes out all of the hubbub and gets down to the business of showing how exactly to get close reading right. Chapter by chapter, Nancy Boyles delivers astoundingly practical ideas on how to connect close reading with other instructional practices. Select rich texts and plan for initial close reading lessons. Deliver initial and follow-up close reading lessons. Coordinate comprehension strategies and close reading.
