types of joints are synovial that don't have an attached test case. That question's related to the musculoskeletal system but the test won't come right out and say so. You'll have to rely on your knowledge of code sets, medical terminology, best practices and the coding process in general to pass. Individuals who earn a score of 70 percent or better (105 correct questions) will pass the CPC exam. If you fail your first test, you are allowed one free retake. GETTING CERTIFIED. Once you pass the CPC exam, you are not officially certified by the AAPC until you fulfill a few other criteria. In order to complete a CPC certification, you must become a member of the AAPC. Certification is also limited to coders with two years of professional experience or those willing to complete an apprentice program. As such, the CPC exam is recommended for individuals who have already started their coding career. That won't prevent us from going over the basics of this important exam.

Look at what some students had to say after using our practice exams:

I just wanted to let you know that I was preparing for the CPC exam and took a practice exam and only made a 70%. I was somewhat skeptical of purchasing your strategies and practice in fear it would not help. Reluctantly, I purchased your product, a practice exam, and the strategies to pass before sitting for the CPC exam. I received my results yesterday. I MADE A 92. I used all of the strategies you recommended: time management, highlighting, etc., which made all the difference in the world. Thank you so much, Heather T. This is very good. I used your practice exam bundle and passed the first time. I also recommended this to others preparing for the test in our organization. They ordered and felt it was of great value. I especially appreciated the explanation for the answers, which helped me learn while I corrected the test.

When I took the practice test, I set a timer for 5 hr 40 min and was able to complete in 3 hours with a score of 89%.

Linda B. CPC: I purchased your practice exam package and think it's great. Using your tips, I completed all 150 questions in 297 minutes and scored an 84%.

Elizabeth H. I am thrilled to report Greg that I passed my CPC Exam on December 12th.

Kathleen C. Your test was amazing; it helped me out a lot.

Vickey L. Well, the practice test helped me pass my CPC exam. I got the good news last week.

Erica J. I wanted to thank you for the CPC practice exam. Thanks to the practice, I was able to pass the CPC and CCA exams on the first take. Your exam really helped me work on timing, and the lab questions were especially helpful.

Mark T. Woohooooo I passed. I also went for the Medical Administration certificate and passed that as well. Thanks for all your hints and practice exams to help me pass. Wow, I am glad that's over. Thanks again.

Deanna A. I did purchase the practice exam from you before the new year, and I passed my CPC. I found out literally New Year's Eve. Thanks for the great exam.

Sabrina. I took the CPC exam Dec 7. As a matter of fact, I did pass the CPC exam, and your practice exam helped. Thanks. Go ahead and list my name in your Certified Coders section.

Lester B. I have passed the CPC and thank you for all of your help with the preparation.
