Why buy a book you can download for free We print the paperback book so you don't have to First you gotta find a good clean legible copy and make sure it's the latest version not always easy Some documents found on the web are missing some pages or the image quality is so poor they are difficult to read If you find a good copy you could print it using a network printer you share with 100 other people typically it's either out of paper or toner If it's just a 10 page document no problem but if it's 350 pages you will need to punch 3 holes in all those pages and put it in a 3 ring binder Takes at least an hour It's much more cost effective to just order the bound paperback from Amazon.com We include a Table of Contents on the back cover for quick reference We print these paperbacks as a service so you don't have to The book is compact tightly bound paperback full size 8 1 2 by 11 inches with large text and glossy covers 4th Watch Publishing Co is a SDVOSB <https://usgovpub.com>
