Beginning Teaching, Beginning Learning Janet Moyles, Gillian Robinson, 2002-03

Reviews of the first edition Janet Moyles's carefully and imaginatively edited book will be of great interest to a wide educational community This is more than a handbook for students and their tutors it is a manifest of the dedicated and closely focused professionalism of the University of Leicester team and I am sure that it will still be being read in ten years time by all concerned with primary education

Mentoring and Tutoring How can new primary teachers not only survive but enjoy their chosen career What can newly qualified and student teachers do to recognize and address the many complexities of primary teaching What are the issues which continually challenge both new and experienced teachers The second edition of this successful text sets out to explore some of the wider issues surrounding work with children in the 3 11 years age range and considers how these are woven into the broad framework of teaching and teachers own learning Cameos and examples of classroom practice help to illustrate the aspects of teaching what it is to be an effective and competent teacher classroom processes such as planning observation and assessment the variety of ways in which children learn and develop thinking skills through various curriculum areas including ICT equal opportunities and special needs issues in loco parentis responsibilities and reflective approaches to teaching Written in an accessible style the aim throughout is to offer guidance and encouragement in the challenging and complex task of early years and primary teaching Comprehensively revised and updated throughout this second edition produced by colleagues from Anglia Polytechnic University and University of Leicester discusses teaching and learning in the context of recent initiatives such as the Foundation Stage the Literacy Hour

the induction year for newly qualified teachers and the growth and development of ICT It will be an essential text for all students and newly qualified primary teachers

Ancient Board Games in Perspective Irving L. Finkel, 2007 Everyone plays board games and everyone will find something to fascinate them in this book about the games of the past and their history and development Based on the lectures given at a conference in the British Museum this book tells the story in a properly academic way but it is no less interesting for that and perhaps even more interesting The book begins with three chapters on the games of the ancient Near East most notably The Royal Game of Ur then there are five chapters on the various games of ancient Egypt senet mehen etc Five more chapters are devoted to the games of the Greek and Roman world then one on India and three on Chinese games including Go Then there are three on the beginnings of Chess and its introduction into western Europe then four on backgammon from India to medieval England three on mancala games and one on the pursuit of hnefatafl finally some brief notes on the games of the New World The authors thirty one of them range from archaeologists historians and museum curators not least Irving Finkel the editor of the volume to such well known historians of games as R C Bell and the internationally famous grandmaster and journalist Raymond Keene It is a large format book with hundreds of photos and drawings

The American Heritage Dictionary of Idioms, Second Edition Christine Ammer, 2013 Fifteen years after the publication of the first edition of the American Heritage R Dictionary of Idioms author Christine Ammer has extensively updated and expanded her original text making over 1500 revisions and adding hundreds of new entries such as couch potato elephant in the room senior moment and think outside the box to keep up with the rapidly changing English language

Beginning Teaching, Beginning Learning in Primary Education Janet R. Moyles, 1995 This book sets out to explore with beginning primary teachers and the people who support them in schools and institutions some of the wider issues which need to be considered when working with primary age children and how these are woven into the broad framework of teaching and teachers own learning Cameos and examples of classroom practice help to illustrate the many different aspects of teaching what it is to be an effective and competent teacher classroom processes such as planning observation and assessment the variety of ways in which children learn and develop thinking and skills social interactions and support networks equal opportunities and in loco parentis responsibilities
