The Countryman, 1991 **The Blair Decade** Ian Herson, 2007 Ian Herson a lobby correspondent has for many years been keeping a diary of the most interesting events issues announcements and quotes both offbeat and profound that have caught his eye In *The Blair Decade* he gives us his entries from January 1997 right up until Tony Blair's resignation on 27 June 2007 The entries are short and pithy They remind you of what really happened while New Labour was in charge who was promoted who fell from favour who was beset by scandal There is a vast cast of characters from Blair to Bono Major to Mandelson Paisley to Putin Currie to Rice The book also contains an introduction and conclusion and is a reminder of how much has changed Book Jacket Country Life Illustrated, 2008 The Survivor Francis Beckett, David Hencke, 2005

Admired in the U S and grudgingly respected in the EU Tony Blair seems to bounce back from any crisis or scandal with aplomb Having rebranded the Labour Party he took Britain into a war in Iraq provoking hostility both at home and abroad yet he sailed through to win a historic third term in office He has since bagged the Olympics for London and steadied the country after the 2005 London bombings Biographer Francis Beckett and Guardian correspondent David Hencke have produced the most revealing portrait yet of a man whose enormous charm conceals a driving ambition an almost messianic conviction that he is right and above all a remarkable ability to survive New Statesman, 2006 Off Message Matthew Parris, 2001

Focusing on 1997 2001 the four years when it seemed that Labour could do no wrong Parris considers not the policies but the performances From his bird's eye view in the press gallery his extraordinary wit is finely blended with his insider's knowledge of life at Westminster New Society, 1987 New Statesman Society, 1994-05 **All Against the Collar** Clive Jenkins, 1990 **The Politics Book** N. A. Comfort, 2005 A lexicon of interesting political facts The Politics Book is a snapshot of where the language of Politics has got to It has always been the richest of languages because of the vivid way in which many of our politicians express themselves from the sound bites with which they woo the voters to the devastating put downs they use on each other If a week in politics is a long time twelve years is an eternity It is that long since Brewer's Politics the precursor of this volume first appeared and in that time the lexicon has grown exponentially From Abu Ghraib to Zippergate words phrases concepts movements and people of whom we could have had no conception in 1993 are now part of our heritage Twelve years ago New Labour had yet to be born sleaze was an American phenomenon no European Commission had ever been removed a presidential election decided by the Supreme Court seemed inconceivable and a chain of terrorist atrocities on the scale of 9 11 even more so *Election 92* Nicholas Jones, 1992
