*Social Costs Today* Wolfram Elsner, Pietro Frigato, Paolo Ramazzotti, 2012-06-25 This book deals with the current crises from a somewhat different perspective. It claims that causes and policy implications of these crises cannot be properly assessed by focusing on allocative efficiency or income growth alone; it requires a more general approach based on social costs. It does not deal with social costs according to the Pigouvian or the Coasian traditions. It draws on the work of Original Institutional Economics (OIE) such as Thorstein Veblen, Karl William Kapp, and Karl Polanyi, on Post Keynesians such

as Hyman Minsky and in general on authors who have provided insights beyond the conventional wisdom of economic thought

**Positive Law from the Muslim World** Baudouin Dupret, 2021-06-24 Can the concept of law be indiscriminately extended to times and places in which it did simply not exist Such an extension is at best useless and at worst misleading Producing an intelligible jurisprudence of the concept of law means keeping it within the reasonable boundaries of its contemporary common sense understanding positive law Parallel to Western societies in which it firstly emerged the concept of positive law developed in many places including countries characterized as Muslim There it faced other existing normativities like customs and the Sharia This book aims from the Muslim world s perspective to clarify the uses of the concept of law and the ways of studying it to describe some of its historical developments including the ideas of constitutional law customary law and forensic evidence and to describe present day practices including reference to law sources rules and interpretation
