**Financial Freedom for Beginners** Nathan Bell, 2019-11-22 The idea of financial freedom is a ripoff and it only convinces you to invest without the benefit of profit How many times have you heard words like this from an advisor It could be twice or more or never it all depends on the category of people you have in your circle those people close enough to know your financial business They know this because they have inquired into this particular subject matter and might believe this because they failed in carrying out the right steps and strategy to attaining a stable financial state at all Every individual is interested in attaining the financially free status Still the fact that you desire this financially free status Still the fact that you desire this financial status does not confirm that you would be successful in your strategy to attaining and sustaining it Although some individuals like to present the idea that you can only achieve financial freedom if you are a retiree that has worked endlessly for a cooperation that has a retirement plan This belief is a farce the option of financial freedom is available to every individual from every group provided you adhere to the strategies contained in this book Even if you have lost your job and there is no hope for basic pay anytime soon financial freedom is attainable for you As an individual seeks to attain financial freedom what does this book have to offer The steps and strategies to attaining and sustaining true financial freedom The possible income options that are available to maintain a financially free lifestyle or status The necessary steps to ensure that you are not at a loss in financial decisions The role of financial freedom in the economy of both retirees and non retired individuals This book aims at familiarizing every individual with the idea strategy
