Daily Spanish Lessons Octavio Méndez,2019-11-06 Are you planning on visiting a Spanish speaking country but you don't know a word of Spanish Do you feel like there is just no time in your busy day to learn a new language Maybe you want to learn Spanish but you're afraid it will be boring and useless The thought about traveling to a new country

where you can't understand or speak the language can sound scary. But it doesn't have to be. People who think about learning a new language can be filled with dread by the amount of studying and effort that has to be put into it. Learning a new language the right way can be fun and easy. Meaning you don't have to be hunched over multiple Spanish textbooks studying multiple hours a day. Instead, this book uses interval training. You can learn vocabulary, grammar, and phrases for just 10 minutes a day. In 2016, a study called *The Right Time to learn* by Paul Smolen for the NCBI journal states that studying with any considerable number of repetitions, a suitable distribution of them over a space of time, is decidedly more advantageous than the massing of them at a single time. Meaning you should study for 10-minute intervals every day to maximize your long-term Spanish learning goals. In this book, you will find it easy to understand vocabulary, grammar, and everyday phrases. With just 10 minutes a day, Spanish doesn't need to be hard or impossible to understand. In this eye-opening book, you will find how understanding 2 of these words is essential in everyday Spanish and how to use them without making a mistake. How you can learn enough Spanish in just 45 days using this one simple studying technique. How to use feminine and masculine pronouns correctly even if you find them confusing. The absolute worst 5 common mistakes you could be doing right now as a Spanish learning speaker and how to avoid them at all cost. Why these 6 mystery phrases are essential in everyday restaurant conversations and when to use them without sounding confused. The 23 must-need phrases if you ever hope to communicate with Spanish speakers and when to use them to communicate your wants. What native Spanish speakers know about conversing in everyday Spanish by using these 10 simple phrases and non-native speakers don't. Why this crucial mistake on understanding the difference between *estar* and *ser* could cause you trouble and confusion in social situations and how to correct yourself in those situations and much, much more. Committing to Spanish lessons is hard enough. By understanding the science behind interval training, you can master the vocabulary, grammar, and everyday phrases used in Spanish. Developed by professional educators with over forty years of combined teaching experience, this 40-lesson scaffolded curriculum engages learners in stimulating language-infused activities that are fun and age-appropriate, including content-rich instruction in math, science, art, and physical education. Beginning with Lesson 1, *Who am I*, the lessons follow a logical progression of thematic units: Colors, Numbers, Shapes, Places, Around the House, Clothing, Seasons, Parts of the Body, Positional Words, Food, Family, Animals, and Descriptive Words, culminating in an activity that combines games, food, music, and crafts. The lessons identify clear goals and learning objectives and include play-based assessments of learners developing proficiency. Extension activities offer students additional learning opportunities and cultural experiences as they dance and sing to music from across the Spanish-speaking world. Informed by language acquisition theory, *Spanish Lesson Plans for Kids* emphasizes the development of student proficiency in speaking and listening through the use of the
