The Routledge Companion to Women and Musical Leadership Laura Hamer, Helen Julia Minors, 2024-08-13 The Routledge Companion to Women and Musical Leadership The Nineteenth

Century and Beyond provides a comprehensive exploration of women's participation in musical leadership from the nineteenth century to the present. Global in scope with contributors from over thirty countries, this book reveals the wide range of ways in which women have taken leadership roles across musical genres and contexts, uncovers new histories, and considers the challenges that women continue to face. The volume addresses timely issues in the era of movements such as MeToo, digital feminisms, and the resurgent global feminist movements. Its multidisciplinary chapters represent a wide range of methodologies with historical musicology, models drawn from ethnomusicology, analysis, philosophy, cultural studies, and practice research all informing the book. Including almost fifty chapters written by both researchers and practitioners in the field, it covers themes including Historical Perspectives, Conductors and Impresarios, Women's Practices in Music Education, Performance, and the Music Industries, Faith and Spirituality, Worship and Sacred Musical Practices, Advocacy, Collectives, and Grass Roots Activism. The Routledge Companion to Women and Musical Leadership: The Nineteenth Century and Beyond draws together both new perspectives from early career researchers and contributions from established world-leading scholars. It promotes academic/practitioner dialogue by bringing contributions from both fields together, represents alternative models of women in musical leadership, celebrates the work done by women leaders, and shows how women challenge accepted notions of gendered roles. Offering a comprehensive overview of the varied forms of women's musical leadership, this volume is a vital resource for all scholars of women in music, as well as professionals in the music industries and music education today.

40 Ways to Diversify the History Curriculum Elena Stevens, 2022-07-14. In writing this book, Elena Stevens aims to respond to calls for a more diverse, decolonised curriculum, calls which have become more insistent following the reinvigoration of the Black Lives Matter movement, the MeToo movement, and other landmark events. Highlighting the lived experiences of women, the working classes, and BAME and LGBTQ communities in particular, *40 Ways to Diversify the History Curriculum* draws upon a wide range of personal stories to exemplify significant historical moments and shed new light on topics that have traditionally been taught through narrower lenses. The book serves as a resource bank for teachers wishing to enliven and diversify history lessons at Key Stages 2, 3, GCSE, A level, and beyond. Elena helpfully opens with a discussion of the theoretical/historiographical developments that lay behind calls to diversify the curriculum, and to accompany each of the 40 historical case studies, she provides ideas and activities for translating the case studies into lesson plans and enquiries. Furthermore, Elena also guides teachers in shaping new enquiries from scratch. Suitable for teachers of secondary school and Key Stage 2 history.
