Edexcel Paper 2 Foundation November 2013

Mortimore, Peter

Edexcel Paper 2 Foundation November 2013:

Education under Siege Mortimore, Peter, 2013-09-23 At a time when education is considered crucial to a country's economic success recent UK governments have insisted their reforms are the only way to make England's system world class Yet pupils are tested rather than educated teachers bullied rather than trusted and parents cast as winners or losers in a gamble for school places Education under siege considers the English education system as it is and as it might be In a highly accessible style Peter Mortimore an author with wide experience of the education sector both in the UK and abroad identifies the current system's strengths and weaknesses He concludes that England has some of the best teachers in the world but one of the most muddled systems Challenging the government's view that there is no alternative he proposes radical changes to help all schools become good schools They include a system of schools receiving a fair balance of pupils who learn easily and those who do not ensuring a more even spread of effective teachers as well as banning league tables outlawing selection opening up faith schools and integrating private schools into the state system In the final chapter he asks readers who share his concerns to demand that the politicians alter course The book will appeal to parents education students and teachers as well as everyone interested in the future education of our children *What is the Economy?* Joe Richards, Beth

Leslie, 2021-11-18 Why are houses so expensive Is our banking system going to collapse again Should we be worried that robots are going to take all our jobs And just what exactly is the economy anyway Economists and politicians would have you believe it is a rarified topic best left to the experts The experts are wrong This book uncovers what people really mean when they talk about the economy taking the word off its pedestal and showing that it's just a lens for seeing the world around us That at its heart economics is about you and the society you're a part of Explaining key concepts in economics in relation to how they directly affect your life from your money to your home your workplace to your future *What is the Economy* drags the obscure world of economics kicking and screaming towards the everyday and equips you with clarity and understanding

GCSE Maths 2 Tier-foundation for Edexcel A Brian Speed, 2006
