Chapter 17 Multinational Financial Management:

INTERNATIONAL FINANCIAL MANAGEMENT SHARAN, VYUPTAKESH, SINGH, AMIT KUMAR, SHRIVASTAVA, ROHIT KUMAR, 2025-04-21 The 7th Edition of International Financial Management is a definitive guide to mastering the complexities of global finance. It covers all critical aspects of international finance including foreign exchange markets, exchange rate mechanisms, risk management, foreign investments, taxation, and offers insights into how financial principles operate in the real world. The book is primarily intended as a textbook for postgraduate students of Business Management, MBA, Master of International Business, MIB, Master of Commerce, M Com, and Master of Financial Control, MFC. Besides undergraduate students of Business Management, BBA students of Chartered Accountancy and finance professionals should find the book very valuable. What's New in the 7th Edition: This 7th Edition takes a leap forward to meet the demands of today's rapidly changing financial world. Here's why this edition is indispensable: Fully Updated Content: Every dataset, example, and reference has been updated to reflect the current financial year. New and Relevant Case Studies: Refreshed and newly added case studies provide a closer look at evolving financial practices from global crises to fintech disruptions. Enhanced Practical Learning: Brand new practical questions, new case studies, and real-world datasets are fresh additions. Three Exciting New Chapters: Fintech and Digital Transformation, Global Financial Crisis, Sustainable Finance, and ESG Investing. Streamlined and Future-ready Content: Outdated and redundant material has been replaced with cutting-edge insights and new dimensions. Focus on Emerging Trends: Expanded discussions on topics like digital finance, global trade shifts, evolving monetary policies, and sustainability metrics, equipping readers to thrive in a dynamic global environment. **TARGET AUDIENCE:** MBA, MIB, Master of International Business, MFC, Master of Financial Control, M Com, CA. **FUNDAMENTALS OF INTERNATIONAL FINANCIAL MANAGEMENT, SECOND EDITION** KEVIN, S., 2022-10-01 This Second Edition of the book explains with precision and clarity the basic concepts, theories, and practices of international financial management. As international transactions form an integral part of economic activities in the modern globalized economic environment, practising managers need to know the fundamentals of international finance. And this book, written by Professor S. Kevin, who has a rich and long experience in teaching international finance, eminently fulfils this need. The book begins with an explanation of the exchange rate mechanism of foreign currencies, factors influencing exchange rate fluctuations, and the trading mechanism in foreign exchange markets. As currency forwards, futures, options, and swaps are the instruments of currency derivatives used as hedging and speculative tools, the book goes on to give a detailed description of the use of currency derivatives for hedging as well as speculative functions. It contains an analysis of international financial institutions and their functioning, the participants and instruments of global financial markets where international funds are raised, the many uses of international funds in the form of portfolio investments and direct investments in host countries. The book is primarily intended as a text for postgraduate students of commerce and management, chartered accountancy (CA), and chartered financial analysis (CFA). It

would also be of immense value to practising professionals in the field of international finance KEY FEATURES Illustrates the concepts with the help of examples figures and tables Clearly explains risk management tools and techniques Discusses the role of international financial institutions in the global financial market Is a handy text for self study ADDITIONS IN SECOND EDITION Exchange rates have been revised to current levels Two new chapters on International Projects and Portfolios and Practices and Problems of International Financial Management have been added Multinational Financial Management Alan C. Shapiro,2003 This comprehensive book provides a conceptual framework within which key financial decisions of the multinational firm can be analyzed The approach is to treat international financial management as a natural extension of financial management principles Thus it builds on the valuation framework provided by domestic corporate finance to account for dimensions unique to international finance *International Financial Management* Madhuvij,2006 The book is fundamentally designed to serve as an introduction to the study of Multinational Financial Management for students and managers with little previous exposure to the details of this area The book provides an overview of the financial environment in which multinational firms operate It also provides a thorough discussion on the Balance of payments and international financial institutions and financial markets It also discusses the organization and operations of the foreign exchange
