1. Describe the points to consider in preparing the physical setting for the interview.

Temperature, noise level, sufficient lighting, privacy, avoiding distracting objects, place distance of 4-5 feet from the client but avoid divider

2. List the pros and cons of note-taking during the interview. Pro- don't forget what was said

Con- distracts from a relationship; breaks eye contact; may cause you to tell them to slow down; impedes observation of client; may be threatening if sensitive issues are being discussed

3. Contrast open-ended vs. closed questions, and explain the purpose of each during the interview.

Closed-ended elicits yes/no answers, when you need to limit answers, gets the cold facts, limits rapport
