Corporate Governance and the Nuclear Industry
 Barry Pemberton, 2015-09-16 Corporate Governance and the Nuclear Industry explores the UK nuclear Legacy governance issues associated with the decommissioning of a range of early generation civil nuclear facilities This book traces how we got here and the risks that have been taken whilst presenting new research and thinking that is required to manage our nuclear Legacy The book addresses a new analytical approach using notions of governance to review key historic events This approach analyses these events using concepts of stakeholder control accountability and regulation Using these concepts and undertaking a more detailed analysis of the Legacy s current governance arrangements the conventional public sector based solutions that attempt to harness private sector expertise this book will contrast these with government responses to determine the degree of control over the Legacy and any possible control issues Corporate Governance and the Nuclear

Industry concludes that we need to recognise the legacy's problems as exceptional rather than prosaic and suggests that this requires exceptional governance solutions rather than the current form that is clearly failing 2 BPP Learning

Media, 2012-12-01 A Core Study Text for the ATT Qualification **Open questions on the mechanisms of neuromodulation with applied and endogenous electric fields** Shennan Aibel Weiss, Marom Bikson, 2015-02-11 Despite increased knowledge and more sophisticated experimental and modeling approaches fundamental questions remain about how electricity can interact with ongoing brain function in information processing or as a medical intervention Specifically what biophysical and network mechanisms allow for weak electric fields to strongly influence neuronal activity and function How can strong and weak fields induce meaningful changes in CNS function How do abnormal endogenous electric fields contribute to pathophysiology Topics included in the review range from the role of field effects in cortical oscillations transcranial electrical stimulation deep brain stimulation modeling of field effects and the role of field effects in neurological diseases such as epilepsy hemifacial spasm trigeminal neuralgia and multiple sclerosis **HC 504 - The Implications of Scottish Independence on Business; Higher Education and Research; and Postal Services** Great Britain: Parliament: House of Commons: Business, Innovation and Skills Committee, 2014-08-08 A Yes vote for independence will break up the UK single market and in the short term could leave Scottish businesses uncertain of their position in Europe says the Business Innovation and Skills Committee in this report A protracted Scottish negotiation over EU membership and the uncertain investment environment arising from a Yes vote will have a damaging impact on businesses in Scotland as well as other parts of the UK The Committee raises serious concerns that a Yes vote may also leave Scotland facing a currency limbo and in the short term unable to join a sterling currency union and without the prospect of adopting the Euro Also the Scottish Government's stated intention to renationalise the Royal Mail upon achieving independence is an uncosted aspiration bereft of any detail of how it is to be paid for or how it would be done The Committee also fears for the future of the Universal Postal Obligation in an independent Scotland with its continued survival likely to be secured only at significant additional cost On higher education the Committee explored the topics of student fees and UK research collaboration The central plank of the Scottish Government's HE policy to charge tuition fees to students from other parts of the UK was likely to be illegal under EU law The Committee also expressed concerns this policy would result in Scottish universities facing a financial shortfall given the significant income currently received for non domiciled UK students Business and Human Rights in Southeast Asia Mahdev Mohan, Cynthia Morel, 2014-09-25 Business and human rights has emerged as a distinct field within the corporate governance movement The endorsement by the United Nations Human Rights Council of a new set of Guiding Principles for Business and Human Rights in 2011 reinforces the State's duty to protect against human rights abuses by third parties including business the corporate responsibility to respect human rights and greater access by victims to effective remedy both judicial and non judicial This book draws on the UN Guiding Principles and recent national plans of action to

provide an overview of relevant developments within the ASEAN region Bridging theory and practice the editors have positioned this book at the intersection of human rights risk and its regulation Chapter authors discuss the implications of key case studies undertaken across the region and various sectors with a particular focus on extractive industries the environment and infrastructure projects Topics covered include due diligence and the role of audits businesses responsibilities to women and children and the mitigation of human rights risks in the region s emerging markets The book sheds light on how stakeholders currently approach business and human rights and explores how the role of ASEAN States and that of the institution itself may be strengthened In doing so the book identifies critical challenges and opportunities that lie ahead for the region in relation to business and human rights This book will be of excellent use and interest to scholars practitioners and students of human rights business and company law international law and corporate governance
