Making of Manchuria examines the interplay of climate and competing economic and political interests in the region's vibrant and violent cultural narrative. In this unique and compelling analysis of Manchuria's environmental history, contributors demonstrate how geography shaped the region's past. Families that settled this borderland reaped its riches while at the mercy of an unforgiving and hotly contested landscape. As China's strength as a world leader continues to grow, this volume invites exploration of the indelible links between empire and environment and shows how the geopolitical future of this global economic powerhouse is rooted in its past.
