Ambrus, 2024-02-08 With a particular focus on social media Gábor L. Ambrus explores how human beings relate to contemporary information technology Ambrus argues that religious traditions such as Judaism and Christianity as well as secular philosophical thought inspired by religion can be invoked to describe both the freedom and unfreedom of the user of information technology To illustrate how individuals relate to technology in a restricted and totalitarian online environment Ambrus adopts the figure and legend of the golem from Jewish mysticism At the same time his argument features other religious concepts and themes to describe an alternative to our present predicament of unfreedom while not seeking to portray any redemption outside the technological environment At the core of his argument Ambrus presents the experience of nothingness as a source of freedom opening up the possibility for a free relationship for us all with information technology *United States Code* United States, 2018 *The Church in Dark Times* Mike Cosper, 2024-11-19 We expect evil to appear in obvious forms malice cruelty and contempt We also expect to find villains at the helm of evil movements and organizations leaders with dark impulses and motivations But all too often malevolence is more subtle hiding behind our own best intentions In *The Church in Dark Times* cultural critic Mike Cosper unveils this dynamic in the growing crisis of abuse and other failures in modern evangelical churches Drawing on the work of twentieth century political theorist Hannah Arendt Cosper explores what we can learn from her theory of the banality of evil the thoughtlessness that allows ordinary people to become complicit in all manner of corruption He uncovers the underlying causes of the breakdowns of the church and offers practices that foster healing and renewal This book will engage Christian leaders and all followers who want to better understand how church crises keep happening and how we can resist them and move forward *Congressional Record* United States.
