Obj	Section	Page	Person, Place, Date, Term	Description
	18.1	603	Capitalist system	
	18.1	603	Communism	
	18.1	603	In what ways were the Soviet Union and United States different during the Cold War?	The United States was committed to a democratic government, individual freedoms, and a capitalist economy. Most Americans opposed the Soviet system, which was based on a state-run economy controlled by the government at every level, one party rule, meaning there were no fair elections and people could not voice their choice for leadership, the full suppression of religions, and the use of force to crush all opposition. These ways differed widely from life in the United States at the time. These differences led to the distrust and dislike of each other during the Cold War.
	18.1	603	One of the First US Delegates to the UN and some of her accomplishments?	Eleanor Roosevelt— Eleanor Roosevelt worked to ensure the safety of workers in sweatshops and clothing factories. She helped create a declaration of human rights for the UN.
	18.1	603	UN Security Council	The Security Council addresses military and political problems and has the power to veto any action proposed by the General Assembly. The 15-member Security Council includes 5 permanent members (United States, the Soviet Union, Britain, France, and China) and 10 rotating elected members (African: 3 members, Asian: 2 members, Latin American and Caribbean: 2 members, Western European: 2 members, Eastern European: 1 member).
	18.1	603	United Nations (UN)	At Potsdam Conference, FDR gets support for conference that would meet in San Francisco in April of 1945 that would establish United Nations. The meeting produced a charter for the United Nations (UN). In July 1945, when the Senate ratified the Charter by a vote of 89 to 2, the United States became the first nation to join the UN. The UN is based loosely on the League of Nations that was formed after World War I. On October 24, 1945, the UN officially came into existence and established its headquarters in New York City. The UN is made up of a General Council (made up of every recognized nation) and the Security Council (15 members with 5 permanent nations and 10 rotating nations).
	18.1	604	buffer	
	18.1	604	Describe the changes that occurred in Eastern Europe immediately following World War II	After the war, the alliance between the United States, Great Britain, and the Soviet Union unraveled. Soviet troops occupied much of Eastern Europe. The free elections that were promised by the Soviet Union did not occur. To restore the devastated Soviet economy, the Soviets removed factories, transportation equipment, and machinery from the satellite nations who were considered disloyal.
	18.1	604	Purge	Forced removal of people thought to be disloyal—Stalin ordered purges of leaders of satellite nations who were deemed disloyal.
