Designed Instructional Strategies Toby Karten, 2013-01-01 The Common Core State Standards which have been adopted in most states in the country delineate the skills and knowledge that students are expected to possess at each grade level K 12 in order to be college and career ready CCR by the time they graduate high school They are designed to ensure that ALL American students including students with disabilities receive a high quality education that positions them for lifelong success In IEPs CCSS Specially Designed Instructional Strategies author Toby Karten presents a variety of specially designed instructional strategies and interventions that teachers and IEP team members can use to connect the individualized education programs IEPs of students with disabilities to the Common Core State Standards CCSS This six page tri fold laminated guide offers a side by side outline of the required components of an IEP and the criteria for instruction according to the CCSS Karten explains that when developing a student s IEP the IEP team should include both individualized goals the behaviors skills tasks the student is expected to learn and the grade level standards of the CCSS The guide offers examples of accommodations and instructional supports to include in a student s IEP to help him/her meet IEP goals as well as math and literacy standards Specially designed instruction may include among other things the involvement of additional service providers instructional strategies based on universal design for learning UDL principles assistive technology devices and services incorporating the students interests and strengths Five scenarios are provided to demonstrate a variety of ways instruction can be individualized for students with specific classifications strengths and interests The guide also outlines a step by step approach for helping students with IEPs achieve the standards Additional online and print resources are also included making this guide a valuable quick reference tool for IEP team members **Common Core State Standards and**

the Speech-Language Pathologist Lissa A. Power-deFur, 2015-10-01 Common Core State Standards and the Speech Language Pathologist Standards Based Intervention for Special Populations is a tool for the analysis of the Common Core State Standards CCSS and the development of interventions to meet student specific needs The CCSS is an education initiative in the United States that details what K 12 students should understand in English language arts and mathematics by the end of each grade The initiative seeks to establish consistent education standards across the United States and ensure

that graduating students are prepared to enter college or the workforce As of 2015 forty three states had adopted the CCSS With the implementation of the CCSS it is critical that speech language pathologists collaborate with educators to enable the success of students with communication disorders as well as English language learners This text offers a practical approach for application of the CCSS with a parallel analysis of children s strengths and needs to create a template for intervention It addresses strategies to facilitate the success of students in accessing and achieving the expectations of the general curriculum with a focus on students with communication disorders hearing loss vision loss deaf blindness specific learning disabilities autism multiple disabilities and English language learners Key features include Background and implications of the CCSS Chapters written by experts in the field Tools for analysis of the language expectations of the CCSS and a framework for aligning intervention both direct and classroom based with the CCSS for students at elementary and secondary levels Collaboration strategies to facilitate success in the classroom Multiple case studies Common Core State Standards and the Speech Language Pathologist is a must have resource for any speech language pathologist working with children as well as their education and administration partners Six Successful Strategies for Teaching Common Core ,2014-01-01 How to design classrooms to align IEPs to common core state standards Six Successful Strategies for Teaching Common Core State Standards is a proactive companion to Aligning IEPs to the Common Core State Standards While the latter explains best practices for aligning IEPs this brand new book deals primarily with its implementation It teaches how to design your classroom to properly align IEPs to common core state standards *IEP Goal Writing for Speech-Language Pathologists* Lydia Kopel,Elissa Kilduff,2020-06-15 IEP Goal Writing for Speech Language Pathologists Utilizing State Standards Second Edition familiarizes the speech language pathologist SLP with specific Early Learning Standards ELS and Common Core State Standards CCSS as well as the speech language skills necessary for students to be successful with the school curriculum It also describes how to write defensible Individualized Education Plan IEP goals that are related to the ELS and CCSS SLPs work through a set of steps to determine a student s speech language needs First an SLP needs to determine what speech language skills are necessary for mastery of specific standards Then the SLP determines what prerequisite skills are involved for each targeted speech language skill Finally there is a determination of which Steps to Mastery need to be followed It is through this process that an SLP and team of professionals can appropriately develop interventions and an effective IEP The text takes an in depth look at the following speech language areas vocabulary questions narrative skills summarize compare and contrast main idea and details critical thinking pragmatics syntax and morphology and articulation and phonological processes These areas were selected because they are the most commonly addressed skills of intervention for students aged 3 to 21 with all levels of functioning For each listed area the text analyzes the prerequisite skills and the corresponding Steps to Mastery It provides a unique step by step process for transforming the Steps to Mastery into defensible IEP goals The key is to remember that the goal must be understandable doable measurable

and achievable This text provides clear guidelines of quantifiable building blocks to achieve specific goals defined by the student s IEP School based SLPs are instrumental in helping students develop speech and language skills essential for mastery of the curriculum and standards All SLPs working with school aged children in public schools private practice or outpatient clinics will benefit from the information in this text New to the Second Edition Ten Speech and Language Checklists for determining speech and language needs of an individual 3 21 years of age as well as measuring progress Material on measuring progress including five performance updates Goal writing case studies for four students of different ages and skill levels A thoroughly updated chapter on writing goals with up to date examples Revised Prerequisite Skills and Steps to Mastery to reflect the current state of research Expanded focus on evidence based practice Disclaimer Please note that ancillary content such as documents audio and video etc may not be included as published in the original print version of this book
