Defending Genesis How We Got Here Why It Matters:

Defending Genesis Tony Breeden, 2015-02-03 How did we get here Are we the product of a benevolent Creator who spoke the cosmos and everything else into existence over the course of six calendar days about 6 000 years ago Or are we the product of all natural processes consistent with those we observe today taking place over the course of millions and millions of years Do we have to choose Are science and religion two different but complementary forms of truth or do we have to choose one as our ultimate authority Can trust the Bible as true history or must we interpret it as a teaching myth like Aesop's fables What are the consequences if we do Christian apologist and science fiction author Tony Breeden explores the ramifications of the Origins Argument and demonstrates that ultimately the debate is not about facts or even about science It is about authority The revealed Word of God versus the word of all natural science The question is which authority best explains the world we live in The Mosaic Authorship of the Pentateuch Defended Against the Views and Arguments of Voltaire, Paine, Colenso, Reuss, Graf, Kuenen, and Wellhausen David Macdill, 1896 Debates and Proceedings of the Constitutional Convention of the State of California, Convened at the City of Sacramento, Saturday, September 28, 1978 California, 1881 *Debates and Proceedings of the Constitutional Convention of the State of California, Convened at the City of Sacramento, Saturday, September 28, 1878* California.
