by his boss's ability to stay in shape and look good while running a multi million dollar company he's bought himself a fitness supplement that promises more than just some extra energy But when the supplement turns out to have some additional properties new hormones kick Joey's admiration for his boss into new unexplored territory Before he's had time to think he's flaunting his new openness to experimentation in ways that Mr Everette and the other partners accustomed to the firm's stuffy work environment can't help but notice and act on It's not long before the young and inexperienced young man is getting all the attention he can handle and more Notice These titles include themes and passages that have been adapted from the works of Jessica Whitethread with full consent of the original author
