The Hollow Detente R. J. Crampton, 1979 **The Clique** , 1981 An Encyclopedia of Continental Women Writers
Katharina M. Wilson, 1991 First Published in 1991 Routledge is an imprint of Taylor Francis an informa company
ICELANDIC LITERATURE , 1905 *Women Writers in German-Speaking Countries* Elke P. Frederiksen, Elizabeth G.
Ametsbichler, 1998-02-28 Women have contributed to the literature of German speaking countries since the Middle Ages and they continue to write important works at the close of the 20th century While research on texts by women writers in German speaking countries has increased substantially most of these authors remain virtually unknown to English speaking scholars and students The first work of its kind in English this reference book contains alphabetically arranged entries for 54 Austrian German and Swiss women writers such as Hrotsvit von Gandersheim Louise Aston Elfriede Jelinek and Erica Pedretti from the tenth century to the present day Each entry includes a biography a discussion of major themes a survey of criticism and a bibliography of primary and secondary sources An introductory essay overviews the history of literature by women in German speaking countries and an extensive bibliography concludes the volume Women have actively shaped literature in German speaking countries from the Middle Ages to the present day These authors continue to enrich the world of letters and an increasing amount of scholarly attention is given to their writings In spite of their contributions however most of these writers are virtually unknown to English speaking scholars and students And though one of the explicit goals of feminist literary and cultural studies has been to provide a voice to a multitude of diverse authors feminist research still seems to focus heavily on texts by authors such as Christa Wolf Ingeborg Bachmann and Bettina von Arnim or on certain periods in 19th and 20th century German literature and culture As a result many other women authors have faded into obscurity Through entries written by expert contributors this reference book provides insights into the life and writings of 54 women authors from German speaking countries Entries are arranged alphabetically to facilitate use while an appendix lists the writers chronologically Included are profiles of authors from the tenth century to the present day such as Hrotsvit von Gandersheim Louise Aston Elfriede Jelinek and Erica Pedretti Each entry includes a biography a discussion of major themes and stylistic features a survey of criticism and a bibliography of primary and secondary sources An introductory essay overviews the history of literature by women in German speaking countries and provides a theoretical context for the work and an extensive bibliography of secondary sources concludes the volume *Discussing Pax Germanica* Emmanuel Comte, Fernando Guirao, 2024-10-08 *Discussing Pax Germanica* The Rise and Limits of German Hegemony in European Integration examines and reconsiders Germany's paramount role in shaping European integration from the aftermath of World War II to the present This volume meticulously explores the ascendancy of Germany to a dominant position in European politics and economics It critically engages with the concept of hegemony delineating Germany's influence on the development of the European Union and its resemblance to historical precedents in German history like the Holy Roman

Empire Methodologically the book integrates archival research with contemporary literature to craft a narrative that is both historically grounded and relevant to current European affairs The work stands out for its exploration of Germany's strategic use of economic power and political diplomacy to shape the European Union according to its interests while facing inherent limitations and challenges such as the eurozone crisis migration policies energy dependency and foreign policy towards Russia Targeting a diverse audience of both scholars and non specialists this book is particularly relevant for those interested in European politics German history and international relations *Alliance of Enemies* Agostino von Hassell, Sigrid MacRae, 2013-12-10 *Alliance of Enemies* tells the thrilling history of the secret World War II relationship between Nazi Germany's espionage service the Abwehr and the American OSS predecessor of the CIA The actors in this great as yet untold story were often at odds with their respective governments Working in the face of competing ideologies and at great personal risk these unorthodox collaborators struggled to bring about an early peace By mining secret World War II files that were only recently declassified as well as personal interviews diaries and previously unpublished accounts to unearth some of history's surprises Agostino von Hassell and Sigrid MacRae shed new light on Franklin Roosevelt's surprising stance toward Hitler before the U S entered the war and on the relationship of American business to the Third Reich They offer vivid details on the German resistance's desperate efforts to at first avert war and then to make common cause with enemy representatives to end it And their work details the scope and depth of German resistance and its many plots to eliminate Hitler and why they failed New names and incredible wartime plots reveal the titanic power struggles that took place in Istanbul and Lisbon cities crawling with spies Intense clandestine communications and spy rings come clear as do the self-serving neutrality of Switzerland and Portugal and the shocking postwar scramble for German spies scientists and more all to aid in the fight against a new enemy communism *Alliance of Enemies* fills a huge void in our knowledge of the hidden layered warfare and the attempts for peace of World War II It will fascinate and excite historians spy and policy enthusiasts and anyone concerned with the uses of intelligence in trying times Nowhere has such a complete and provocative history of the wars behind World War II been told until now CHESSE IN ICELAND AND IN ICELANDIC LITERATURE WILLARD FISKE, 1905 *A German and English Dictionary* George J. Doppelspiel German Edition Introduction

In the digital age, access to information has become easier than ever before. The ability to download Doppelspiel German Edition has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Doppelspiel German Edition has opened up a world of possibilities. Downloading Doppelspiel German Edition provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Doppelspiel German Edition has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Doppelspiel German Edition. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Doppelspiel German Edition. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Doppelspiel German Edition, users should also consider the potential security risks associated with online

platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Doppelspiel German Edition has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
