Polemical Encounters Olav Hammer, Kocku Von Stuckrad, 2007 In its historical development from late antiquity to the present western esotericism has repeatedly been the issue of polemical discourse This volume engages the polemical structures that underlie both the identities within and the controversy about esoteric currents in European history From Jewish and Christian kabbalah through heretical discourse and interconfessional polemics in early modernity to the legitimization of esoteric identity in modern culture the 12 chapters accompanied by an editors introduction provide a cornucopia of relevant cases that are interpreted in a framework of polemical discourse and Othering This volume sheds new light on the ultimately polemical structure of western esotericism and thus opens new vistas for further research into esoteric discourse *Allen's Indian mail and register of intelligence for British and foreign India*, 1884

From Atlantis to the Sphinx Colin Wilson, 2004-07-01 In this compelling book Colin Wilson argues that thousands of years before ancient Egypt and Greece held sway there was a great civilization whose ships traveled the world from China to Antarctica Their advanced knowledge of science mathematics and astronomy was passed on to descendants who escaped to Egypt and South America From Atlantis to the Sphinx bases this assertion on a true fact that archaeologists and geologists are at odds over the age of the Sphinx Archaeologists claim that the Sphinx dates to classical dynastic Egypt around 2 400 b c But some geologists claim that it could have been built as early as 7 000 to 10 500 b c The geologists claim is based on the curious fact that the erosion of the Sphinx is more characteristic of water erosion than that of wind and sand Starting from the assumption that there was an advanced civilization in existence much earlier than previously thought Wilson goes on to claim that it could very well be Atlantis not a literal island that sank but more of a great civilization that either declined naturally or experienced a great catastrophe passing on only a fraction of its knowledge to other peoples From Atlantis to the Sphinx delves into what might have been a completely different knowledge system from that of modern man one as alien to us as that of the Martians The book sets out to reconstruct that ancient knowledge in a fascinating exploration of the remote depths of history a ground breaking attempt to understand how these long forgotten peoples thought felt and communicated with the universe *Dowsing for Higher Consciousness* James Nathan

Post, 2001-03-20 This book calls on research and experience to take a new look at the practices of dowsing such as water witching and other such mechanical techniques to obtain information not available to the physical senses and to examine the astonishing psychological and psychic consequences **Strange Secrets** Nick Redfern, Andy Roberts, 2003-05-20 IF YOU

THOUGHT THAT THE X FILES WAS ONLY FICTION THINK AGAIN For as long as extraterrestrial and paranormal phenomena have been investigated the official government response to any events deemed otherworldly or unexplainable has been well documented DENIAL Not because they aren't interested in UFOs monsters and psychic abilities but because they have their own secret agendas for using this knowledge In this thoroughly researched compendium of conspiracies and cover ups the remarkable findings that have been documented and supposedly debunked by the governments of the United States Great Britain and the former Soviet Union are finally revealed including Attempts by the U S Air Force to build a fleet of nuclear powered flying saucers The British military's files on the Loch Ness monster and other mysterious beasts The Cold War race between the CIA and the KGB to create the perfect psychic spy assassin The real story behind the enigmatic Men in Black who terrify UFO witnesses into silence For anyone who wants to know the truth or the truth behind the truth Strange Secrets is the ultimate resource to understanding exactly what the government doesn't want us to know and why they want to keep us in the dark

Dowsing and Artificial Intelligence Healing Pere Subirana Samitier, 2023-06-20 Artificial intelligence opens up new possibilities for the healing of the unconscious when coupled with ancient practices such as dowsing Artificial intelligence opens up a wide range of possibilities to be used for the healing of different types of blockages that negatively condition our lives It allows us to generate random text or images with which we can discover hidden aspects of a person's energy field true guides to healing Using Light Therapy we can free that person so that they can realise their evolutionary path and life mission This healing system works because everything outside image generated with artificial intelligence is a reflection of what is inside each person of their energy field In the subtle worlds there is no outside and inside there is only a unified field of energy and consciousness
