THE INFAMOUS
LONDON CELLAR
MURDER OF 1910

NICHOLAS CONNELL

Dr Crippen The Infamous London Cellar Murder Of 1910

Roger Dalrymple

Dr Crippen The Infamous London Cellar Murder Of 1910:

Doctor Crippen Nicholas Connell,2013-01-15 When Scotland Yard found the remains of Doctor Crippen s wife under the cellar floor of their London home a trial began that would fascinate and shock the world In this carefully researched gripping book the whole remarkable story unfolds **The Annotated I Caught Crippen** Nicholas Connell,2019-04 In 1910 Chief Inspector Walter Dew became the most famous detective in the world after a transatlantic chase resulted in him capturing the American murderer Dr Hawley Harvey Crippen This was the first time that wireless telegraphy had resulted in the arrest of a murderer and it was Dew s final investigation for Scotland Yard After retiring from the Metropolitan Police and working as a private detective Dew began to write and in 1938 his autobiography I CAUGHT CRIPPEN was published It subsequently became an important work for crime historians and has long been out of print Dew s accounts of the Crippen case and his futile hunt for Jack the Ripper are the lengthiest ever written by a police officer closely involved in the investigations The latter part of I CAUGHT CRIPPEN deals with a variety of other cases that Dew worked on including the arrest of the international jewel thief Harry the Valet THE ANNOTATED I CAUGHT CRIPPEN makes this classic work available again It contains a full transcription of the original text annotated with footnotes including additional material from a newspaper serialisation of Dew s memoirs that has never appeared in a book before It also features appendices of Dew s other writings and articles written about the celebrated detective during his lifetime *The Crimes That Inspired Agatha Christie* Jonathan Oates,Anna-Lena Berg,2025-12-30 Did you know that many of Agatha Christie s best selling detective stories have their basis in reality Who killed Charles Bravo and why asks retired Superintendent Spence in *Elephants Can Remember* He refers to an unsolved Victorian murder mystery one of many allusions to real life crime and criminals in Agatha Christie s fiction The infamous Dr Crippen Jack the Ripper John George Haigh and many other real killers fraudsters and spies figure prominently in her plots both explicitly and implicitly Many of these cases belong to British criminal history others originate from the USA and France They cover a time frame from the eighteenth century to the 1960s showing that Agatha Christie was not only an inspired writer of fiction but had a knowledge of true crime as well There are even instances where she seems to have anticipated real life crimes as in the case of the infamous poisoner Graham Young This book explains the reality of these criminals and their crimes some of which are well known others largely forgotten and how they are utilised in Agatha Christie s stories Armed with this book fans of the author s work will be able to gain new insights when reading her books either for the first time or on a repeat reading *Pathways of Patients at the Grahamstown Lunatic Asylum, 1890 to 1907* Rory du Plessis,2020-01-01 About the publication *Pathways of patients* explores the casebooks of the Grahamstown Lunatic Asylum during the superintendence of Dr Thomas Duncan Greenlees from 1890 to 1907 The hallmark of *Pathways of patients* is an examination of the asylum s casebooks to bring into view the humanity of the patients their distinct personal experiences and their individuality The book is underpinned by an allied goal to retrieve the casebook narratives of the

patients life stories their acts of agency and their pathways to and from the asylum with a view to understanding and portraying the context of patient experiences at the time

Doing Global History Roland Wenzlhuemer, 2019-10-31 The field of Global History has experienced an unprecedented boom in the last two decades and carved itself deeply into the practice of historical research Despite this its conceptual foundations have rarely been explored This introduction to what Global History is brings together theory and practice with 6 key concepts delivered through 6 accessible case studies Re evaluating the central concerns and key approaches in the field it offers an up to date discussion of the foundations of Global History its guiding questions and principal methods at work Doing Global History offers students valuable insights into the ways general concepts can be used and applied when doing historical research The 6 concepts connections actors structures space time and transit and their accompanying examples will not only help readers to get a solid grasp of what global history means but will stimulate further engagement in the field Wenzlhuemer successfully shows that global history is best considered as a perspective not a theory or paradigm and guides the reader through ways it can be used in practice to draw new and exciting conclusions Tailored for classroom and student use this book will be invaluable to advanced undergraduates and postgraduates of Global History

The King is Dead, Long Live the King! Martin Williams, 2023-04-13 A Country Life Best Book of the Year 2023 The Times Book of the Week I could read Martin Williams all day He is a staggeringly communicative historian this book throws shafts of light on recent history almost repeating itself giving vivid glimpses into monarchy and the way things were and are Compulsory reading Dame Joanna Lumley A social historian and gifted storyteller Williams is by turns moved and amused as he reflects on the poignancy and rituals of a nation united pretty much in grief The Times adroitly written told by Williams so skilfully and with such silken prose that it s a pleasure to spend the time inside his head The Oldie delightful details to rekindle this vanished epoch Country Life Vivid panoramic skilfully written this gripping book is an insight into a time and an age Kate Williams Martin Williams has written a fascinating and absorbing account of the Edwardian era the demise and funeral of the King and the iconic Black Ascot that followed it He has brought a lost age grippingly to light Hugo Vickers witty informative and immensely readable captures the spirit of the times Miranda Seymour A tour de force Dr Kate Strasdin We tend to think that Cecil Beaton single handedly invented the Edwardian Age Martin Williams shows us succinctly and elegantly that perhaps it was the King himself Nicky Haslam moves with unflagging wit and style A fresh perspective on a brilliant life and a lost era beautifully evoked it is impossible not to be swept away by this gem of a book Pure pleasure Robin Muir a must have a wonderful and thought provoking read The Historian a book about a changed and changing world trying to cope with even more change beautifully written and timely The Catholic Herald resonates powerfully with our own recent experience of collective mourning Williams describes the king s gradual demise in evocative detail Air Mail Unforgettable as it was the public response to the death of Queen Elizabeth II in September 2022 was not without precedent When her great grandfather King Edward VII glamorous cosmopolitan and extraordinarily popular

died in May 1910 the political social and cultural anxieties of a nation in turmoil were temporarily set aside during a summer of intense and ritualised mourning In *The King is Dead Long Live the King* Martin Williams charts a period of tension and transition as one era slipped away and another took shape Witnessed by a diverse but interconnected cast of characters crowned heads and Cabinet ministers debutantes and suffragettes artists and murderers here is the swansong of Edwardian Britain Set against a backdrop of bereavement and parliamentary crisis overshadowed by the gathering clouds of war we see a people caught between past and future tradition and modernity as they unite to bid farewell to a much loved monarch who had personified his age From Buckingham Palace to Bloomsbury and from the lying in state in Westminster Hall to a now legendary Royal Ascot enveloped in black this is a vivid evocation of a world on the brink of seismic upheaval **The**

English Professor Margaret R. O'Leary/Dennis S. O'Leary,2016-02-04 Across the span of more than forty years Raphael Dorman O Leary a professor of English rhetoric and English literature taught his students at the University of Kansas to think straight to put sinew into their sentences and to embrace the magnificent literary treasures of their mother tongue *The English Professor* by authors Margaret R O Leary and Dennis S O Leary offers a narrative of the life work and times of a revered Midwestern university English teacher This memoir narrates how the professor born in 1866 was raised on a Kansas farm in the post bellum era Like his father before him he was committed to a life of learning and teaching His colleagues knew him for his unpretentious exterior honesty and integrity and his flashing anger at cheapness vulgarity pretense and above all charlatanism When Professor O Leary died after a short illness in 1936 his personal effects passed through two generations to his grandson Dennis S O Leary who with his wife Margaret discovered his papers while restoring a family house The trove of material served as the core resource for the compilation of *The English Professor* It provides insights into the histories of Kansas and the University of Kansas and of Harvard University as well as perspectives on higher education including the teaching of English rhetoric language literature journalism and oratory in the United States *Dr Crippen*

Katherine Watson,2007-11-30 Dr Crippen s murder of his wife Cora has stuck in the public imagination for many reasons This work combines a narrative with facts from witness statements and police reports [Supper with the Crippens](#) David James Smith,2010-11-25 Edwardian London in 1910 the notorious tale of Dr Crippen and Ethel Le Neve re investigated by a prizewinning journalist At a time when Edwardian Britain seemed a golden place basking in its imperial glory Dr Hawley Harvey Crippen and his wife Belle lived among the suburban villas of North London renting a house at 39 Hilldrop Crescent After supper on 31 January 1910 their friends went home and Crippen killed Belle with poison dismembered her body and buried some of her remains beneath the brick floor of the coal cellar Crippen never admitted killing his wife and took the secrets of the crime with him when he was hanged following his conviction for murder It is assumed that Crippen killed for the love of his mistress Ethel le Neve They began living together as man and wife but under intense suspicion they fled disguised as father and son The chase indeed everything about the murder was reported in fine detail in Britain in America

and the rest of the western world Crippen was finally arrested and with Ethel was brought back to England for trial David James Smith has investigated afresh this celebrated murder case and his researches have uncovered unexpected and startling information about Chamber of Horrors stalwart Dr Crippen Belle and Ethel *Crippen* Roger Dalrymple, 2020 How did the case of the mild mannered murderer Hawley Harvey Crippen come to have such an enduring cultural resonance Almost as notorious as Jack the Ripper US citizen and homeopath Dr Hawley Harvey Crippen was forty eight years old when he was hanged in London in November 1910 for the murder and mutilation of his wife When Cora Crippen vanished in February 1910 he claimed that she had returned to the United States Yet the discovery of a dismembered body buried beneath the coal cellar of their house and Crippen's attempt to flee to Canada with his cross dressed mistress exposed and convicted him The case aroused enormous public interest at the time and it has remained in the popular imagination ever since memorialised in crime history fiction film and even musical theatre As late as 2007 some American academics were claiming that the dead body was not Cora's and that Crippen was in fact innocent This book aims to account for the endurance of the Dr Crippen murder case in the cultural imagination Highlighting the case's disruptive blending of cultural traditions it discusses historical precedents analyses diverse literary traditions looks at broadside balladry and music hall repertoire and addresses queer theory discourses The book shows how the case part throwback to earlier crime sensations and part presage of a new understanding of criminality represents a watershed in the representation of criminality and played a distinctive role in the development of crime fiction tion Highlighting the case's disruptive blending of cultural traditions it discusses historical precedents analyses diverse literary traditions looks at broadside balladry and music hall repertoire and addresses queer theory discourses The book shows how the case part throwback to earlier crime sensations and part presage of a new understanding of criminality represents a watershed in the representation of criminality and played a distinctive role in the development of crime fiction tion Highlighting the case's disruptive blending of cultural traditions it discusses historical precedents analyses diverse literary traditions looks at broadside balladry and music hall repertoire and addresses queer theory discourses The book shows how the case part throwback to earlier crime sensations and part presage of a new understanding of criminality represents a watershed in the representation of criminality and played a distinctive role in the development of crime fiction Mr Crippen, Cora and the Body in the Basement Matthew Coniam, 2021-11-01 The historic 1910 London domestic murder case is re-examined using new DNA evidence in this true crime study It was an open and shut case Hawley Harvey Crippen an American quack doctor had murdered his wife the

music hall performer Belle Elmore and buried parts of her body in the coal cellar of their North London home But by the time the remains were discovered he had fled the country with his mistress disguised as his son After a thrilling chase across the ocean he was caught returned to England tried and hanged remembered forever after as the quintessential domestic murderer But if it was as straightforward as the prosecution alleged why did he leave only some of the body in his house when he had successfully disposed of the head limbs and bones elsewhere Why did he stick so doggedly to a plea of complete innocence when he might have made a sympathetic case for manslaughter Why did he make no effort to cover his tracks if he really had been planning a murder These and other questions remained tantalising mysteries for almost a century until new DNA tests conducted in America exploded everything we thought we knew for sure about the story This book the first to make full use of this astonishing new evidence considers its implications for our understanding of the case and suggests where the real truth might lie Praise for *Mr Crippen Cora and the Body in the Basement* This is a well researched book on a 1910 murder case in London that is accumulating increasing interest comparable in some ways to Jack the Ripper Alan Moss *The History of the Yard* *The Illustrated London News* ,1961 **Footnotes to World History** Harold S. Sharp,1979 Bibliographies accompany narrative descriptions of more than three hundred significant events in world history from the inundation of Atlantis in the tenth millennium B C to the Arab oil embargo in 1973 *Characters of Fitzrovia* Mike Pentelow,Marsha Rowe,2002 From marvellously illustrated pages leaps a rogues gallery of characters past and present who have over the last 400 years made this bohemian corner of London what it is **The Armchair Detective** ,1984 **British Medical Journal** ,1947 *Chambers History Factfinder* ,2005 Chambers History Factfinder is the perfect reference for anyone who has an interest in history Comprehensive and highly accessible informative and entertaining it presents a wide ranging chronology of significant world events from prehistoric times to the present day providing detailed timelines for major events such as the American Civil War along with interesting related quotes and facts It also includes hundreds of useful and often amusing lists of people and events from U S presidents and decisive battles to the tallest historical figures and the strangest laws of the past *BMJ* ,1989 *An Almanack for the Year of Our Lord ...* Joseph Whitaker,1911 **The Publishers Weekly** ,2006
