

The background of the entire image is a dense, out-of-focus thicket of green grass and reeds. In the upper center, there is a bright, circular light source, possibly the sun or moon, which is partially obscured by the branches and leaves of the plants. The light creates a strong contrast with the surrounding greenery.

Romano Lavo-lil: Word Book of the Romany George Borrow,1874 *Romano Lavo-Lill: Word-Book of the Romany; Or, English Gypsy Language* George Borrow,1874 *Romano Lavo-lil* George Borrow,1907 **Drab Lil** Clarissa Simmens,2014-11-22 In a small row home in 1956 South Philly down in a dirt floor cellar a drabarni grandmother picks up pieces of wood chips discarded on her husband s worktable Using a carpenter s pencil she sketches a circle with spokes and hands it to her eight year old granddaughter Ashok Chakra Wheel of Origin she says This is the first stop on your path One day there will be twenty two of them This book is one Romani s Gypsy grimoire a family compendium about moving along our path in life with a minimum amount of stress It is not meant to be a guide but it is a slice of life that I hope you will learn from and enjoy Drab in Romanes means herb and fortune telling A drabarni is one who can heal with herbs and advise by using cards tea leaves dreams and the lines on the palm of the hand Fortune telling is not accurate because no future is engraved into gold and our past will determine our actions for the future It is more a holistic way of looking at another s life and prescribing through the use of herbs and advice how to cope This book mainly details a personal path similar to the tarot and numerology with a minimum accent on herbs *Romano Lavo-Lil: Word-book of the Romany; Or, English Gypsy Language; with Many Pieces in Gypsy, Illustrative of the Way of Speaking and Thinking of the English Gypsies; with Specimens of Their Poetry and an Account of Certain Gypsyries Or Places Inhabited by Them, and of Various Things Relating to Gypsy Life in England* George Borrow,1888 **The Gypsies** Werner Cohn,1973 **Journal of the Gypsy Lore Society** ,1909 **Three Black Skirts** ,2000-09-11 A survival guide for young women presents practical tips on finding order fulfillment and balance in one s life and shares advice on health dating careers money management entertaining body image sex and nutrition *Seen & Heard by Megargee* ,1904 *A Dictionary of Slang, Jargon & Cant* C.G. Leland,1897 **The Gypsies** Charles Godfrey Leland,2020-09-28 It is I believe seldom observed that the world is so far from having quitted the romantic or sentimental for the purely scientific that even in science itself whatever is best set forth owes half its charm to something delicately and distantly reflected from the forbidden land of fancy The greatest reasoners and writers on the driest topics are still genial because no man ever yet had true genius who did not feel the inspiration of poetry or mystery or at least of the unusual We are not rid of the marvelous or curious and if we have not yet a science of curiosities it is apparently because it lies for the present distributed about among the other sciences just as in small museums illuminated manuscripts are to be found in happy family union with stuffed birds or minerals and with watches and snuff boxes once the property of their late majesties the Georges Until such a science is formed the new one of ethnology may appropriately serve for it since it of all presents most attraction to him who is politely called the general reader but who should in truth be called the man who reads the most for mere amusement For Ethnology deals with such delightful material as primeval kumbo cephalic skulls and appears to her votaries arrayed not in silk attire but in strange fragments of leather from ancient Irish graves or in cloth

from Lacustrine villages She glitters with the quaint jewelry of the first Italian race whose ghosts if they wail over the find speak in a language man knows no more She charms us with etchings or scratchings of mammoths on mammoth bone and invites us to explore mysterious caves to picnic among megalithic monuments and speculate on pictured Scottish stones In short she engages man to investigate his ancestry a pursuit which presents charms even to the illiterate and asks us to find out facts concerning works of art which have interested everybody in every age Ad interim before the science of curiosities is segregated from that of ethnology I may observe that one of the marvels in the latter is that among all the subdivisions of the human race there are only two which have been apparently from their beginning set apart marked and cosmopolite ever living among others and yet reserved unto themselves These are the Jew and the gypsy From time whereof history hath naught to the contrary the Jew was as he himself holds in simple faith the first man Red Earth Adam was a Jew and the old claim to be a peculiar people has been curiously confirmed by the extraordinary genius and influence of the race and by their boundless wanderings Go where we may we find the Jew has any other wandered so far Yes one For wherever Jew has gone there too we find the gypsy The Jew may be more ancient but even the authentic origin of the Romany is lost in ancient Aryan record and strictly speaking his is a prehistoric caste Among the hundred and fifty wandering tribes of India and Persia some of them Turanian some Aryan and others mixed it is of course difficult to identify the exact origin of the European gypsy One thing we know that from the tenth to the twelfth century and probably much later on India threw out from her northern half a vast multitude of very troublesome indwellers What with Buddhist Brahman and Mohammedan wars invaders outlawing invaded the number of out castes became alarmingly great To these the Jats who according to Captain Burton constituted the main stock of our gypsies contributed perhaps half their entire nation Excommunication among the Indian professors of transcendental benevolence meant social death and inconceivable cruelty Now there are many historical indications that these outcasts before leaving India became gypsies which was the most natural thing in a country where such classes had already existed in very great numbers from early times
