Journey to Illogical God Warren Stone, 2024-11-27 Warren Stone the author fell through the ice on Lake Agnew Ontario in the dead of winter trapping him in an icy prison with water penetrating his clothing and gradually pulling him down As his face slipped under the surface he extended his right hand upward and shrieked God help me Though Warren expected to see Jesus take his hand and pull him to safety he saw only snow against the darkened sky He resigned himself to the fact he would drown in a moment then blanked out When he regained consciousness he stood four feet back from the hole staring into the water and broken ice where he struggled The only tracks in the snow on the lake were his and there was no disturbance in the snow around the hole Warren tried to logically rationalize his escape for two years without success Finally he had to admit that God saved him a man who did not love or believe in Him who never did one single thing for Him and who denied and ridiculed Him This event spurred Warren to begin a twenty year journey to God's side Along the way events occurred that taught him about the power of God and his great love for him and others And he also learned that God is not a logical being He does not follow the laws of science or physics time is His tool not a limitation and He truly is immortal Finally accepting these illogical facts Warren gave control of his life to God and became an enlightened person Journey to Illogical God chronicles and discusses the series of miraculous events that led Warren to be saved by God and serve Him This book is filled with true stories and unpredictable surprise endings that warm the heart

Sacred Secrets Mike Neville, 2012-06-01 Who were Tubalcain Aholiab and Zabud and what is their significance for the Freemason There is a general interest in the rituals of Freemasonry generated in part by the apparently obscure references they contain This is the only book that offers a guide

to the stories used in Masonic ritual and their links to the Bible and Christianity The new Mason is directed to a serious contemplation of the Volume of the Sacred Law but that is easier said than done without a grounding in the Scriptures something that fewer and fewer people have The historical and geographical setting of the Bible is explained here making such contemplation easier for Mason and non Mason alike Mike Neville has systematically cross referenced the most influential Chapters of the Bible to the ceremonies It is his intention to get Freemasons to understand the ritual not just to memorise and regurgitate as well as to elucidate for the non Mason Sacred Secrets will aid the clergy theologians and any other person interested in Freemasonry to see the links between ritual and scripture **In His Name** E. Christopher Reyes,2010-05 Many devout Christians will not like this book as I have discovered that they are neither interested nor concerned with anything which challenges their long taught beliefs I did not make history but merely write on its historical significance in the events of mankind For those truth seekers who are interested in the Why regarding religious beliefs this book offers a genesis of Christian beliefs Religion is a multi million dollar a year business and world wide that figure runs into the billions Is the true nature of faith focused on mankind or merely a financial endeavor Extraordinary care has been taken to present the good and the bad as well as the ugly side of religion *The Sunday-school Times* ,1887 *Light* ,1898
