Dps Europes Displaced Persons 194kindle:

DPs Mark Wyman,2014-12-02 Wyman has written a highly readable account of the movement of diverse ethnic and cultural groups of Europe s displaced persons 1945 1951 An analysis of the social economic and political circumstances within which relocation resettlement and repatriation of millions of people occurred this study is equally a study in diplomacy in international relations and in social history A vivid and compassionate recreation of the events and circumstances within which displaced persons found themselves of the strategies and means by which people survived or did not and an account of the major powers in response to an unprecedented human crisis mark this as an important book Choice **Destination Elsewhere** Ruth Balint,2021-11-15 In this unique history from below Destination Elsewhere chronicles encounters between displaced persons in Europe and the Allied agencies who were tasked with caring for them after the Second World War The struggle to define who was a displaced person and who was not was a subject of intense debate and deliberation among humanitarians international law experts immigration planners and governments What has not adequately been recognized is that displaced persons also actively participated in this emerging refugee conversation Displaced persons endured war displacement and resettlement but these experiences were not defined by passivity and speechlessness Instead they spoke back creating a dialogue that in turn helped shape the modern idea of the refugee As Ruth Balint shows what made a good or convincing story at the time tells us much about the circulation of ideas about the war the Holocaust and the Jews Those stories depict the emerging moral and legal distinction between economic migrants and political refugees They tell us about the experiences of women and children in the face of new psychological and political interventions into the family Stories from displaced persons also tell us something about the enduring myth of the new world for people who longed to leave the old Balint focuses on those persons whose storytelling skills became a major strategy for survival and escape out of the displaced persons camps and out of the Europe Their stories are brought to life in Destination Elsewhere alongside a new history of immigration statelessness and the institution of the postwar family *In War's Wake* Gerard Daniel Cohen,2012 After WWII Europe was awash in refugees Never in modern times had so many been so destitute and displaced No longer subjects of a single nation state this motley group of enemies and victims consisted of Jewish survivors of the Holocaust ex Soviet POWs ex forced laborers in the Third Reich legions of people who fled the advancing Red Army and many thousands uprooted by the sheer violence of the war This book argues that postwar international relief operations went beyond their stated goal of civilian rehabilitation and contributed to the rise of a new internationalism setting the terms on which future displaced persons would be treated by nations and NGOs *DP* Mark Wyman,1989 Refugees are people ; the plight of Europe's displaced persons Walter Dushnyck,William J. Gibbons,1947 *Europe's Displaced Persons and the Problems of Relocation* Bertha Bracey,1944 **Europe's Displaced Persons** Jerry M. Sage,1949
