Dr David Brownstein Natural Health:

The Last Days of New York Seth Barron, 2021-06-01 Barron cuts through the noise and provides a devastating account of a city's decline under the delusional leadership of socialists and con men GREG KELLY host of Newsmax Greg Kelly Reports THE LAST DAYS OF NEW YORK A Reporter's True Tale tells the story of how a corrupted political system hollowed out New York City leaving it especially vulnerable all in the name of equity and fairness When in the future people ask how New York City fell to pieces they can be told quoting Hemingway gradually then suddenly New Yorkers awoke from a slumber of ease and prosperity to discover that their glorious city was not only unprepared for crisis but that the underpinnings of its fortune had been gutted by the reckless mismanagement of Bill de Blasio and the progressive political machine that elevated him to power Faced with a global pandemic of world historical proportions the mayor dithered offering contradictory unscientific and meaningless advice The city became the world's epicenter of infection and death The protests riots and looting that followed the death of George Floyd and the resurgence of the Black Lives Matter movement cheered on and celebrated by the media and political class accelerated the crash of confidence that New York City needed in order to rebound quickly from the economic disaster Through reckless financial husbandry by sowing racial discord and resentment by enshrining a corrosive pay to play political culture that turned City Hall into a ticket office and by using his office as a platform to advance himself as a national political figure Bill de Blasio set the stage for the ruin of New York City He has left the city vulnerable to the social economic and cultural shocks that have leveled its confidence and brought into question its capacity to absorb the creative energies of the world and reflect them back in the form of opportunity and wealth as it has done for hundreds of years As New Yorkers slowly adjust to their new reality they ask themselves how we had been so unprepared not so much for the coronavirus which caught everyone by surprise but for the economic shock which was at least foreseeable THE LAST DAYS OF NEW YORK is the story of how a lifelong political operative with no private sector experience assumed control of a one party city where almost nobody bothers to vote and then proceeded to loot the treasury on behalf of the labor unions race hustlers and connected insiders who had promoted him to power Bill de Blasio's term in office in New York City is a demonstration of what those impulses actually produce debt decay and bloat THE LAST DAYS OF NEW YORK A Reporter's True Tale is a history of New York City from its recovery from the recession of 2008 2009 through the triple disaster of the pandemic civil unrest and collapse in revenue of 2020 Mayor Bill de Blasio now widely appreciated as the WORST mayor in the history of the city is presented as the instrument of decline a key symptom of the rot that expedited the city's downfall Immunity Strong Robert G. Lahita, 2022-01-05 There is a biological force within the body that wants you to live to old age While conventionally this force is known in medicine as the immune system Dr Bob calls it The Biological Soul The Biological Soul is designed to protect you and allow you to live a healthy life This force is tangible measurable lives within the physical body and determines our age and wellbeing through life It is physical and complex and

in many ways spiritual It is affected by life s stresses by diets and by overall health and though not immortal it both shapes your life and your life shapes it IMMUNITY STRONG walks readers through how the immune system works what makes it implode or keeps it safe and what modern science reveals about how it connects to every part of the body to keep it alive as the seat of our Biological Soul Written in Dr Bob s trade mark down to earth style the book explains that the normal immune system functions like a police department protecting the body from harm While as a nation we have recently been focused on the effects of infections the book reveals that it is important to note that disorders of immunity are at the root of most diseases that shorten or impact our lives From chronic pain and fatigue syndromes heart disease and clogged arteries and even the ability to recognize and destroy cancer to multiple sclerosis lupus celiac disease rheumatoid arthritis and autoimmune disorders are all linked to one or another glitch in the immune system The purpose of this book is to provide significant information on the incredible complexity of the immune system and how the integration of spiritual scientific and emotional values can enhance health It is Dr Bob s hope that readers will find a new appreciation of the miracle that is the physical body and to understand the potential within our Biological Soul to promote longevity and overall happiness to life IMMUNITY STRONG Boost Your Body s Natural Healing Power and Live to 100 is a must read for anyone wishing to nurture and enhance their health

The Truth About Contagion Thomas S. Cowan, Sally Fallon Morell, 2021-02-22

For readers of Plague of Corruption Thomas S Cowan MD and Sally Fallon Morell ask the question are there really such things as viruses Or are electro smog toxic living conditions and 5G actually to blame for COVID 19 The official explanation for today's COVID 19 pandemic is a dangerous infectious virus This is the rationale for isolating a large portion of the world's population in their homes so as to curb its spread From face masks to social distancing from antivirals to vaccines these measures are predicated on the assumption that tiny viruses can cause serious illness and that such illness is transmissible person to person It was Louis Pasteur who convinced a skeptical medical community that contagious germs cause disease his germ theory now serves as the official explanation for most illness However in his private diaries he states unequivocally that

in his entire career he was not once able to transfer disease with a pure culture of bacteria he obviously wasn't able to purify viruses at that time He admitted that the whole effort to prove contagion was a failure leading to his famous death bed confession that the germ is nothing the terrain is everything While the incidence and death statistics for COVID 19 may not be reliable there is no question that many people have taken sick with a strange new disease with odd symptoms like gasping for air and fizzing feelings and hundreds of thousands have died Many suspect that the cause is not viral but a kind of pollution unique to the modern age electromagnetic pollution Today we are surrounded by a jangle of overlapping and jarring frequencies from power lines to the fridge to the cell phone It started with the telegraph and progressed to worldwide electricity then radar then satellites that disrupt the ionosphere then ubiquitous Wi-Fi The most recent addition to this disturbing racket is fifth generation wireless 5G In *The Truth About Contagion Exploring Theories of How Disease Spreads* bestselling authors Thomas S Cowan MD and Sally Fallon Morell explore the true causes of COVID 19 On September 26 2019 5G wireless was turned on in Wuhan China and officially launched November 1 with a grid of about ten thousand antennas more antennas than exist in the whole United States all concentrated in one city A spike in cases occurred on February 13 the same week that Wuhan turned on its 5G network for monitoring traffic Illness has subsequently followed 5G installation in all the major cities in America Since the dawn of the human race medicine men and physicians have wondered about the cause of disease especially what we call contagions numerous people ill with similar symptoms all at the same time Does humankind suffer these outbreaks at the hands of an angry god or evil spirit A disturbance in the atmosphere a miasma Do we catch the illness from others or from some outside influence As the restriction of our freedoms continues more and more people are wondering whether this is true Could a packet of RNA fragments which cannot even be defined as a living organism cause such havoc Perhaps something else is involved something that has upset the balance of nature and made us more susceptible to disease Perhaps there is no coronavirus at all perhaps as Pasteur said the germ is nothing the terrain is everything
