Dr. Wayne W. Dyer, 2011-01-01 Within the pages of this transformational book Dr Wayne W Dyer reveals how to change the self defeating thinking patterns that have prevented you from living at the highest levels of success happiness and health Even though you may know what to think actually changing those thinking habits that have been with you since childhood might be somewhat challenging If I changed it would create family dramas I'm too old or too young I'm far too busy and tired I can't afford the things I truly want It would be very difficult for me to do things differently and I've always been this way may all seem to be true but they're in fact just excuses So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light In this groundbreaking work Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone along with ways to cast them aside once and for all You'll learn to apply specific questions to any excuse and then proceed through the steps of a new paradigm The old habituated ways of thinking will melt away as you experience the absurdity of hanging on to them You'll ultimately realize that there are no excuses worth defending ever even if they've always been part of your life and the joy of releasing them will resonate throughout your very being When you eliminate the need to explain your shortcomings or failures you'll awaken to the life of your dreams Excuses Begone I Can See Clearly Now Dr. Wayne W.
