The Fourth Dimension Robert Lee Bell,2013-08 Dr Robert Lee Bell s book *The Fourth Dimension Truth or Deception* is a very well researched and balanced study on the teachings of Yonggi Cho It is indeed a need in this age to explore the dangers of the man centered theology that Apostle Paul warned against in II Timothy 3 1 9 Dr Bell has compared Cho s theology with the Scriptures and it is very clear that Cho s theology is a synthesis of Christianity shamanism and occult practices a deceptive mixture of error and truth which appears Christian Cho takes Scripture out of context and twists it to conform to a preunderstood paradigm

A Theology of Hope Sang Yun Lee,2019-01-03 Lee advocates a theology of hope essentially different from the Moltmann version on which the idea is developed Lee shows how Cho s message particularly in its promise of a saved healthy happy and prosperous life the Threefold Blessing was the antidote to the events that had ravaged the Korean peninsula in the 1950s At the same time Asian Pentecostal scholars might also need a greater appreciation for both the diversity and richness of their cultural and religious past They have found both culturally and biblically acceptable alternatives to and adaptations from the practices of their ancient religions and are seeking to provide answers to the needs of their own context Allan H Anderson University of Birmingham England From the Foreword
