Stage Business and the Neoliberal Theatre of London Alex Ferrone, 2021-01-21 This book examines contemporary English drama and its relation to the neoliberal consensus that has dominated British policy since 1979 The London stage has emerged as a key site in Britain's reckoning with neoliberalism On one hand many playwrights have denounced the acquisitive values of unfettered global capitalism on the other plays have more readily revealed themselves as products of the very market economy they critique their production histories and formal innovations uncomfortably reproducing the strategies and practices of neoliberal labour markets Stage Business and the Neoliberal

Theatre of London thus arrives at a usefully ambivalent political position one that praises the political power of the theatre its potential as a form of resistance to the neoliberal rationality that rides roughshod over democratic values while simultaneously attending to the institutional bondage that constrains it For of course the theatre itself everywhere straddles the line of capitulating to the marketization of our cultural life

Applied Theatre, Third Edition Monica Prendergast, Juliana Saxton, Yasmine Kandil, 2024-02-20 *Applied Theatre* was the first collection to assist practitioners and students in developing critical frameworks for their own community based theatrical projects The editors draw on thirty case studies in applied theatre from fifteen countries covering a wide range of disciplines from theatre studies to education medicine and law and collect essential readings to provide a comprehensive survey of the field Infused with a historical and theoretical overview of practical theatre *Applied Theatre* offers clear developmental approaches and models for practical application This third edition offers refreshed case studies from many countries worldwide that provide exemplars for the practice of applied theatre The book will be useful to both instructors and students in its focus on providing clear introductory chapters that lay out the scope of the field dozens of case studies in all areas of the field and a new chapter on responses to the global pandemic of 2020 Also includes a new section on representation in its final chapter looking at the issues of how we represent ourselves and others on stage

Transatlantic Broadway M. Schweitzer, 2015-03-03 *Transatlantic Broadway* traces the infrastructural networks and technological advances that supported the globalization of popular entertainment in the pre World War I period with a specific focus on the production and performance of Broadway as physical space dream factory and glorious machine

Beyond Immersive Theatre Adam Alston, 2016-05-18 Immersive theatre currently enjoys ubiquity popularity and recognition in theatre journalism and scholarship However the politics of immersive theatre aesthetics still lacks a substantial critique Does immersive theatre model a particular kind of politics or a particular kind of audience What is involved in the production and consumption of immersive theatre aesthetics Is a productive audience always an empowered audience And do the terms of an audience's empowerment stand up to political scrutiny *Beyond Immersive Theatre* contextualises these questions by tracing the evolution of neoliberal politics and the experience economy over the past four decades Through detailed critical analyses of work by Ray Lee Lundahl Seidl Punchdrunk Shunt Theatre Delicatessen and Half Cut Adam Alston argues that there is a tacit politics to immersive theatre aesthetics a tacit politics that is illuminated by neoliberalism and that is ripe to be challenged by the evolution and diversification of immersive theatre

Patrick White's Theatre Denise Varney, 2021-09-01 Varney combines a theoretically astute sense of the hybridity of the dramatic event with a dense but lucidly rendered sociological history of White's plays as they progress through different productions revivals and receptions This is an essential insight and one which could be usefully extended to White's novels and perhaps to Australian modernism broadly Jonathan Dunk Australian Book Review One of the giants of Australian literature and the only Australian writer to have won the Nobel Prize for Literature Patrick White received less acclaim when he turned his hand to playwriting

In Patrick White's Theatre Denise Varney offers a new analysis of White's eight published plays discussing how they have been staged and received over a period of 60 years. From the sensational rejection of *The Ham Funeral* by the Adelaide Festival in 1962 to 21st century revivals incorporating digital technology, these productions and their reception illustrate the major shifts that have taken place in Australian theatre over time. Varney unpacks White's complex and unique theatrical imagination, the social issues that preoccupied him as a playwright, and his place in the wider Australian modernist and theatrical traditions.
