Bolivie Ed Santa Cruz Et Gran Chiquitania:

Reimagining the Gran Chaco Silvia Hirsch, Paola Canova, Mercedes Biocca, 2021-10-12 This volume traces the socioeconomic and environmental changes taking place in the Gran Chaco a vast and richly biodiverse ecoregion in South America illuminating how the region s many indigenous groups are negotiating these transformations in their own terms

Archaeology of Culture Contact and Colonialism in Spanish and Portuguese America Pedro Paulo A. Funari, Maria Ximena Senatore, 2014-11-11 The volume contributes to disrupt the old grand narrative of cultural contact and colonialism in Spanish and Portuguese America in a wide and complete sense This edited volume aims at exploring contact archaeology in the modern era Archaeology has been exploring the interaction of peoples and cultures from early times but only in the last few decades have cultural contact and material world been recognized as crucial elements to understanding colonialism and the emergence of modernity Modern colonialism studies pose questions in need of broader answers This volume explores these answers in Spanish and Portuguese America comprising present day Latin America and formerly Spanish territories now part of the United States The volume addresses studies of the particular features of Spanish Portuguese colonialism as well as the specificities of Iberian colonization including hybridism religious novelties medieval and modern social features all mixed in a variety of ways unique and so different from other areas particularly the Anglo Saxon colonial thrust Cultural contact studies offer a particularly in depth picture of the uniqueness of Latin America in terms of its cultural mixture This volume particularly highlights local histories revealing novelty diversity and creativity in the conformation of the new colonial realities as well as presenting Latin America as a multicultural arena with astonishing heterogeneity in thoughts experiences practices and material worlds

Free-Ranging Dogs and Wildlife Conservation Matthew E. Gompper, 2013-10-17 Dogs are the world s most common and widespread carnivores and are nearly ubiquitous across the globe The vast majority of these dogs whether owned or un owned pure bred or stray spend a large portion of their life as unconfined free roaming animals persisting at the interface of human and wildlife communities Their numbers are particularly large throughout the developing world where veterinary care and population control are often minimal and human populations are burgeoning This volume brings together the world s experts to provide a comprehensive unifying and accessible review of the effects of dogs on native wildlife species With an emphasis on addressing how free ranging dogs may influence wildlife management and native species of conservation concern chapters address themes such as the global history and size of dog populations dogs as predators competitors and prey of wildlife the use of dogs as hunting companions the role of dogs in maintaining diseases of wildlife and the potential for dogs to hybridize with wild canid species In addition the potential role of dogs as mediators of conservation conflict is assessed including the role of dogs as livestock guardians the potential for dogs to aid researchers in locating rare wildlife species of conservation interest and the importance of recognizing that some populations of dogs such as dingoes have a long history of genetic isolation and are themselves important conservation concerns A

common theme woven throughout this volume is the potential for dogs to mediate how humans interact with wildlife and the recognition that the success of wildlife conservation and management efforts are often underpinned by understanding and addressing the potential roles of free ranging dogs in diverse natural ecosystems Free Ranging Dogs and Wildlife Conservation is aimed at professional wildlife and conservation ecologists managers graduate students and researchers with an interest in human dog wildlife interactions It will also be of relevance and use to dog welfare researchers veterinary scientists disease ecologists and readers with an interest in the interface of domestic animals and wildlife

Who Killed Jules Crevaux? Isabelle Combès, 2024-05-29 The first book to explore the deaths of explorer Jules Crevaux and his crew from an Indigenous perspective In 1882 the celebrated French explorer Jules Crevaux and his crew were killed by Indigenous people in the Bolivian Chaco a fiercely contested region on the border between Bolivia Argentina and Paraguay The event sparked an international uproar The scene of the crime was embroiled in clashes among various Indigenous peoples rubber tappers and missionaries Official investigators sent from France and competing newspapers ended up mired in a morass of equivocal ambiguous false and contradictory information To make sense of this event Isabelle Combès is the first researcher to consult the local archives and to include the perspective of Indigenous peoples In search of who killed Crevaux and why Combès unearths the power struggles and social imaginaries behind the incident and its aftermath Readers will find not only an engrossing story in these pages but also an exemplar of historical inquiry that questions the very nature of truth telling
