Bonnie Kline Stories to Read and Take Home Bonnie Kline, Victoria E. Greene, 2004 **Stories to Read and Take Home** Bonnie Kline, 1992 *Managing Dilemmas* Alexandra Miletta, 2003 Jean Rhys Helen Carr, 1995-11 Available for the first time in the United States a new series of innovative critical studies introducing writers and their contexts to a wide range of readers Drawing upon the most recent thinking in English studies each book considers biographical material examines recent criticism includes a detailed bibliography and offers a concise but challenging reappraisal of a writer's major work Published in the U K by Northcote House in association with The British Council The Trade Off Louise Maniscalco, Susan Rudin, 2014-11-25 With wit and sharp insight the authors of THE TRADE OFF provide a behind the scenes peek at the Machiavellian world of a luxury Manhattan store its executives designers clerks and demanding socialite customers Told in the knowing voice of the store's ambitious shopping salon director THE TRADE OFF is a fast paced entertaining read Dr Joyce Brown President of Fashion Institute of Technology Go behind the window displays Behind the racks Two personal shoppers for Manhattan's biggest department stores have written a wildly dishy novel that goes behind the dressing rooms of New York's fashion elite At Frankel's New York the wives of billionaires and Hollywood celebrities sip champagne while stylists and tailors cater to every whim And one person has made it her career to help these Amex wielding shoppers create the perfect look Bonnie Salerno Madden knows all of her client's preferences whims and fantasies She knows the price they paid to gain access to the salon where having Bonnie as their private shopper is a first class ticket to being the toast of the New York high fashion social scene But while Bonnie is all elegance on the outside she's barely keeping it together on the inside A single mom to a special needs child she needs her high pressure job to care for her family And when that job is put in jeopardy Bonnie will need to make some of the riskiest choices of her life to guarantee a better future for her son and for herself With the opportunity to live in her own fairy tale will Bonnie have what it takes to make the trade off THE TRADE OFF is a riveting page turner even for a non shopper like me The ultimate tale of New York life David Patrick Columbia newyorksocialdiary.com Children's Book Review Index 2008 Dana Ferguson, 2008-08-15 The Children's Book Review Index contains review citations to give your students and researchers access to reviewers comments and opinions on thousands of books periodicals books on tape and electronic media intended and or recommended for children through age 10 The volume makes it easy to find a review by author's name book title or illustrator and fully indexes more than 600 periodicals Strangers to Ourselves Rachel Aviv, 2022-09-13 New York Times bestseller One of the top ten books of the year at The New York Times Book Review The Wall Street Journal Vulture New York magazine A best book of the year at Los Angeles Times Time NPR The Washington Post Bookforum The New Yorker Vogue Kirkus The acclaimed award winning New Yorker writer Rachel Aviv offers a groundbreaking exploration of mental illness and the mind and illuminates the startling connections between diagnosis and identity Strangers to Ourselves poses fundamental questions about how we understand

ourselves in periods of crisis and distress Drawing on deep original reporting as well as unpublished journals and memoirs Rachel Aviv writes about people who have come up against the limits of psychiatric explanations for who they are She follows an Indian woman celebrated as a saint who lives in healing temples in Kerala an incarcerated mother vying for her children's forgiveness after recovering from psychosis a man who devotes his life to seeking revenge upon his psychoanalysts and an affluent young woman who after a decade of defining herself through her diagnosis decides to go off her meds because she doesn't know who she is without them Animated by a profound sense of empathy Aviv's gripping exploration is refracted through her own account of living in a hospital ward at the age of six and meeting a fellow patient with whom her life runs parallel until it no longer does Aviv asks how the stories we tell about mental disorders shape their course in our lives and our identities too Challenging the way we understand and talk about illness her account is a testament to the porousness and resilience of the mind High Performance, 1986 *Mastering Basic Skills® Fourth Grade Workbook*, 2014-01-06

Modern Motherhood Jodi Vandenberg-Daves, 2014-05-26 How did mothers transform from parents of secondary importance in the colonies to having their multiple and complex roles connected to the well being of the nation In the first comprehensive history of motherhood in the United States Jodi Vandenberg Daves explores how tensions over the maternal role have been part and parcel of the development of American society *Modern Motherhood* travels through redefinitions of motherhood over time as mothers encountered a growing cadre of medical and psychological experts increased their labor force participation gained the right to vote agitated for more resources to perform their maternal duties and demonstrated their vast resourcefulness in providing for and nurturing their families Navigating rigid gender role prescriptions and a crescendo of mother blame by the middle of the twentieth century mothers continued to innovate new ways to combine labor force participation and domestic responsibilities By the 1960s they were poised to challenge male expertise in areas ranging from welfare and abortion rights to childbirth practices and the confinement of women to maternal roles In the twenty first century Americans continue to struggle with maternal contradictions as we pit an idealized role for mothers in children's development against the social and economic realities of privatized caregiving a paltry public policy structure and mothers' extensive employment outside the home Building on decades of scholarship and spanning a wide range of topics Vandenberg Daves tells an inclusive tale of African American Native American Asian American working class rural and other hitherto

ignored families exploring sources ranging from sermons medical advice diaries and letters to the speeches of impassioned maternal activists Chapter topics include inventing a new role for mothers contradictions of moral motherhood medicalizing the maternal body science expertise and advice to mothers uplifting and controlling mothers modern reproduction mothers resilience and adaptation the middle class wife and mother mother power and mother angst and mothers changing lives and continuous caregiving While the discussion has been part of all eras of American history the discussion of the meaning of modern motherhood is far from over
