Ancient Enmity Bei Dao, Lucas Klein, Chris Song, 2018-02-28

International Poetry Nights in Hong Kong IPN HK is an award-winning biennial poetry festival established by renowned contemporary Chinese poet Bei Dao. Since its debut in 2009 in Hong Kong, IPN HK has become the most influential series of international poetry events in the sinophone areas, delivered internationally acclaimed poets' thoughts and ideas about poetry to contemporary China and stimulated Chinese poets' reflection upon their own conditions of reading world poetry. Following the enormous success of previous editions, IPN HK's 2017 event is scheduled to happen between 22-26 November in Hong Kong with the theme Ancient Enmity and invites more than twenty poets and lyricists from different parts of the world to share and read their works in the hope of encouraging exchange among poets and lyricists. Poets include Gabeba Badero (South Africa), Javier Bello (Chile), Chen Dongdong (China), Jérôme Game (France), Major Jackson (US), George Szirtes (UK), Anja Utler (Germany), Haris Vlavianos (Greece) and others. The IPN HK anthology includes selections of the most internationally acclaimed contemporary poetry by the invited poets, accompanied by unique Chinese and English translations in bilingual or trilingual formats. *Film*, 1987 *Former Points of View* Stephen Grant, 1995

Encyclopedia of French Film Directors Philippe Rège, 2009-12-11

Cinema has been long associated with France, dating back to 1895 when Louis and Auguste Lumière screened their works, the first public viewing of films anywhere. Early silent pioneers Georges Méliès, Alice Guy, Blach-Z and others followed in the footsteps of the Lumière brothers, and the tradition of important filmmaking continued throughout the 20th century and beyond. In *Encyclopedia of French Film Directors*, Philippe Rège identifies every French director who has made at least one feature film since 1895. From undisputed masters to obscure one-timers, nearly 3,000 directors are cited here, including at least 200 filmmakers not mentioned in similar books published in France. Each director's entry contains a brief biographical summary including dates and places of birth and death, information on the individual's education and professional training, and other pertinent details such as real names when the filmmaker uses a pseudonym. The entries also provide complete filmographies, including credits for feature films, shorts, documentaries, and television work. Some of the most important names in the history of film can be found in this encyclopedia, from masters of the Golden Age (Jean Renoir and René Clair) to French New Wave artists such as François Truffaut and Jean-Luc Godard.
