interest expenses that fed the national debt The startup debt of each administration is shown then the change in debt through the end of the administration is analyzed to show what areas of government incurred overspending and how much was overspent Also included are brief biographies of each president and discussions of foreign and domestic situations including judicial decisions and sociological changes that affected fiscal policies and fueled the urge to overspend *The 20th Century* Neil Wenborn,1989 *Chronicle of the 20th Century* Francesco ABBATE,1996
