Financial Freedom In Two Steps The Proven Method To Generate Passive Income From Scratch Agustin Grau,2017-06-28 At last Stop worrying about money Start making money Obtaining your financial freedom is simple using this proven method that I ll show you I have been using it for years and it s easy enough for anyone to implement whether they have experience or not To make money you don t need to have money You just need knowledge to lead you to money

This knowledge is what you'll find in this book. A clear, simple and precise method that explains how to generate passive income from scratch without needing to have money to invest. A two-step method: first generate some money, second invest that money earned. In simplicity is power. The key to financial independence is creating assets making things that bring in a constant flow of cash every month. What's more, this needs to happen in automatic mode and for an indefinite period of time. You can then keep on enjoying the income as can your children even after you die. This is not science fiction; it's a system, a passive income strategy that will provide you with freedom, financial freedom, financial independence and money. Why are there not more people doing it? Because they're too busy working, tied to their jobs and not generating income. They're focused on not being free and not being happy. The focus of this book, however, is something else. What? Abundance, wealth, fulfillment, creativity, personal growth, strategy, joy, prosperity and happiness. In this book, you will learn: To make money even though right now you have nothing. To create assets that will bring in money every month. To design a strategy that will make your money work for you. To set up a system that will allow you to earn an income automatically, recurrently and continuously. To develop yourself personally, putting to use your

The Average Family's Guide to Financial Freedom Bill Toohey, Mary Toohey, 2000-02-24. Bill and Mary Toohey are average middle income people from a small Iowa town. Bill has been employed for 23 years as a Vocational Rehabilitation Counselor and Mary has worked for 20 years as an Office Manager for a small psychological firm. They started saving and investing in 1991 when their net worth was 63,000. Eight years later their net worth was 467,000. In other words, their assets increased by an average of more than 50,000 per year during that period while their income, not counting dividends and capital gains, averaged about 65,000 per year. But it wasn't always easy. They have three children: Colleen 24, Tim 22, and Meghann 14. Tim has been severely disabled since birth and despite the challenges of helping Tim cope with his chronic illnesses, the Toohey family has been able to achieve financial freedom on a modest income. They were able to build a sizable nest egg in eight years while encountering some of life's biggest expenses during the period. They helped to pay for their daughter's college education and wedding, paid cash for a new car, and made several expensive home improvements. Despite those major expenses, the Tooheys still managed to save 46% of their gross income and were listed among the Best Personal Finance Managers in America in the December 1994 issue of *Money* magazine. The Tooheys' story in an article written by Bill appeared in the April 1997 issue of *Money* magazine. Mary co
