## **Bogeyman He Was Every Parent S Nightmare:**

**Bogeyman** Steve Jackson, 2014-08-04 The New York Times bestselling author gives a master class on true crime reporting in *Bogeyman*. He writes with both muscle and heart. Gregg Olsen, 1 New York Times bestselling author *Bogeyman* describes in dramatic detail and with heartrending poignancy the efforts of tenacious Texas lawmen to solve the cold case murders of three little girls and hold serial child killer David Elliot Penton accountable for his horrific crimes. From the book: For years he'd stalked elementary schools and playground looking for young girls from low income neighborhoods to abduct, rape and murder. He thought of them as throwaway kids, hardly missed and soon forgotten except by those who loved them. He was every parent's worst nightmare. The bogeyman they warned their children about, the fiend who lurked outside bedroom windows. Absorbing and haunting, *Bogeyman* spills creepily across the page with Steve Jackson's hellacious verve and insight, reminding us there are few better explorers of the American berserk. Ron Franscell, bestselling author of *Alice Gerald: A Homicidal Love Story*. Steve Jackson's latest *Bogeyman* reveals a living breathing nightmare that haunted parents as well as detectives. Be sure to add it to your reading list if you're a fan of true crime books. Aaron Habel, host of *Generation Why* Podcast. There are true crime books that just lay out the facts and there are true crime books that pull you deeply into a world. Jackson writes deeply. It's all in *Bogeyman*, a fascinating well-paced read about the lows and highs of cold case investigations. Katherine Ramsland, bestselling author and professor of forensic psychology in *Psychology Today*.

**Serial Killer Groupies** RJ Parker, 2014-12-26 This book delves into the twisted psychology of women attracted to some of the most notorious monsters on the planet, giving true crime readers real insight into this phenomena. One of the most common reasons given by women who date serial killers is the fact that they see the little boy that the horrible man once used to be, and they believe that they can nurture that kid, hence removing the cruel and harmful nature of the killers and making them amicable again. Known as serial killer groupies or even prison groupies by some, a great number of these women have shown a surprising desire to get connected to the serial killer of their choice. A large number of these women have become directly aligned with these killers, and some have even married these hardened criminals. Groupies will do almost anything to get close to the prisoner that they are attracted to. They give up jobs, family, spend money on him, and even move across country to be in the same town as him. Some SKG's are attracted to the celebrity status they acquire. They go on talk shows to announce their undying love for the serial killer and proclaim that he was not capable of these killings. This book depicts several such cases, and you'll meet some of these SKG's. If you seek to understand or study the unexplainable, this book may be your key to some grasp of what is beyond imagining why some women love serial killers. Bernard Lee DeLeo, bestselling author of over twenty-five novels. The obsessed groupies of predators such as Richard Ramirez, *The Night Stalker*, are just as fascinating as the serial killers they love. Best-selling author RJ Parker offers powerful insights into the needs, motivations, and dark desires of women who pursue and sometimes marry the most infamous killers in history. This powerful psychological examination of

these women is not to be missed Well researched Parker sheds new light on the curious sub culture of groupies in his new true crime book SERIAL KILLER GROUPIES Scott Bonn PhD Professor criminologist and author of Why We Love Serial Killers The Curious Appeal of the World s Most Savage Murderers Secret Dallas: A Guide to the Weird, Wonderful, and Obscure Mark Stuert,2018-04-15 Take an excursion through the weird the wry and the wonderful idiosyncrasies that comprise the Big D From the Playboy Marfa bunny with a muscle car sculpture to the ceaseless failed attempts to navigate the Trinity River to the invention of the computer chip and German chocolate cake Dallas is the birthplace of the whimsical the wistful and the profound Secret Dallas answers questions about Big D you never knew you had catapulting you through a portfolio of little known but fascinating people places episodes and artifacts Think of it as a scavenger hunt travelogue providing insights into hidden rhinestones and diamonds in the caliche Secret Dallas is a riveting excursion into the city s odds and ends where the rare and the phenomenal express the big the bold and the brash in everyone **A Clockwork Murder** Steve Jackson,2017-03-28 Wonderful and dark a journey into the minds of two men who together become one killer from the New York Times bestselling true crime author Blaine L Pardoe author of A Special Kind of Evil In April 1997 pretty 22 year old Jacine Gielinski stopped her car at a red light in Colorado Springs Colorado She had no idea that the two young men looking at her from the car next to hers would in that moment decide she would be their target for unspeakable horrors George Woldt and Lucas Salmon were an unlikely pair of best friends much less killers Woldt was a fast talking well dressed ladies man who boasted of his sexual conquests Salmon was deeply religious and socially misfit obsessed with losing his virginity Woldt was the leader Salmon his willing follower but neither had been in serious trouble with the law However inspired by the cult movie A Clockwork Orange with its dystopian violence they fantasized for months what it would be like to abduct rape torture and murder a woman Then aroused by watching ultra violent pornography they decided to act upon their evil thoughts Revised and updated with a new afterword from the author A Clockwork Murder recounts the steps that led to an unthinkable crime and its impact on a community as well as the friends and especially the parents of an innocent young woman who paid with her life for being in the wrong place at the wrong time Jackson s sharp eye misses nothing in the painstakingly rendered details Publishers Weekly **Vampire** Kevin Sullivan,2014-12-02 The author of The Bundy Murders tells the harrowing true story of one of the most bizarre serial killers in America Katherine Ramsland bestselling author of Confession of a Serial Killer A city under siege held captive while a psychopathic vampire serial killer instills fear in its residents taunts the authorities and brutally kills his victims This book is a chilling and stomach churning look into the life of a twisted sick man so evil one would wonder if he was even human From his early days when he would liquify rabbits in a blender to drink their intestines and blood to mutilating his victims his thirst for killing could not be satiated This is the story of Richard Trenton Chase the Vampire of Sacramento It is not for the faint of heart Fraught with emotion and detail a must have book for all true crime enthusiasts and collectors RJ Parker award winning author of Escaped Killer Sullivan has written
