Small Arms Mia Bloom,2019-05-15 Why do terrorist organizations use children to support their cause and carry out their activities Small Arms uncovers the brutal truth behind the mobilization of children by terrorist groups Mia Bloom and John Horgan show us the grim underbelly of society that allows and even encourages the use of children to conduct terrorist activities They provide readers with the who what when why and how of this increasingly concerning situation illuminating a phenomenon that to most of us seems abhorrent And yet they argue for terrorist groups the use of children carries many benefits Children possess skills that adults lack They often bring innovation and creativity Children are in fact a superb demographic from which to recruit if you are a terrorist Small Arms answers questions about recruitment strategies and tactics determines what makes a child terrorist and what makes him or her different from an adult one and charts the ways in which organizations use them The unconventional focus on child and youth militants allows the authors to in essence give us a biography of the child terrorist and the organizations that use them We are taken inside the mind of the adult and the child to witness that which perhaps most scares us [Abraka Humanities Review](#) ,2013

Aisha the Hunter who moves stealthily into the forest taking out Boko Haram with her faithful followers and Mama Boko Haram an Igbo woman who knows the fighters and those haunted by their experiences and fights to empty the forests of fighters and captives alike This is raw honest and heartbreaking storytelling at its best **The News** ,2009-06 **Arts and Social Sciences International Research Journal** ,2009 **Boko Haram and International Law** John-Mark Iyi,Hennie Strydom,2018-06-27 This book focuses on Boko Haram and terrorism in Nigeria framing the conflict in an international law context It analyses the nature of political violence and the dominant roles of a violent nation state in both colonial and post colonial experiences and the rise of terrorism in Nigeria The book unearths embedded evidence of religious nepotism on the part of state officials using such state institutions as Islamic Preaching Boards to promote one Islamic sect over another in mainly Muslim Northern Nigeria The book offers insights into this subtle sectarian divide and how this and other subterranean elements have contributed to the rise of Boko Haram in Northern Nigeria beyond the dominant poverty terrorism nexus narrative Furthermore the book analyses the various components of Boko Haram s radical ideology situates them in Islamic Jurisprudence and examines the philosophy of the group both in doctrine and practice their interpretation of the Koran and the waging of Jihad and the extent to which they conform to the Islamic Sect Boko Haram claims to follow The book then examines the basic doctrinal features and characteristics of Boko Haram waging Jihad prohibiting revealing dresses for women and mixing of genders rejecting western values and institutions denouncing scientific inquiry and democracy hostage taking sexual exploitation of captives and other aspects of jus ad bellum and jus in bello in Islamic jurisprudence and international law Finally the book analyses the plight of vulnerable groups such as internally displaced persons the atrocities committed against women and girls in the Boko Haram insurgency and the inability of international law to enforce the protections offered to the victims From the perspective of critical intellectual inquiry the book also challenges a number of fundamental assumptions and encourages us to revisit our legal characterisation of certain concepts such as gender based crimes It then goes further to analyse some legal grey areas in the Boko Haram insurgency such as the legal status of the Civilian Joint Task Force CJTF and the legal framework for holding members accountable for violations of international human rights and humanitarian law Overall the book represents a valuable contribution to scholarship deepens our understanding and delineates how international law could respond to the Boko Haram insurgency in Nigeria in particular and terrorism in Africa in general **Socio-Economic Effects of Boko Haram Operations in Nigeria** Bright Ndimele,2020-09-02 Bachelor Thesis from the year 2018 in the subject Politics Region Africa grade 4 7 5 University of Ibadan language English abstract The Nigerian State since 2009 has been under the throes of the deadly terrorist operations of the Islamic sect formally known as JamaatuAhlis Sunna Liddaawati Wal Jihad This sect famously dubbed Boko Haram meaning western civilization education is forbidden claims to be on a mission to Islamize the Nigerian State Prima facie Boko Harams motivations appeared to be religious however considering factors as dismal socio economic conditions that prevail in the

Northern region the epicenter of the sect a religious explanation alone is reductive More so relevant and related literature was reviewed using conceptual and theoretical approaches A threefold theoretical framework constituting of Marxian Relative deprivation and Frustration aggression respectively were adopted to explain the phenomenon Unlike other authors who have hinged the operations of the sect to a kind of political undertone this study deems fit to establish the poor socio economic conditions especially in the North eastern region which have been serving as a veritable ground for the sect quest to gradually dethrone the legitimacy of the Nigerian State This study also exposes the extent of the damage further caused by the sect violent operations as well as the suitability of the carrot and stick strategies or policies in dealing with the sect negative impact Hence this study employs secondary source of data from library materials newspapers journals articles and so on The findings revealed that the strategies of Nigerian government failed because she failed to address adequately the socio economic factors that equipped the sect such as unemployment poverty corruption bad leadership poor economy structure The research further exposed that the strategy used in curtailing militancy in the Niger Delta region of Nigeria failed to tackle terrorism in the North Eastern part of the country which can be regarded as the nerve of the sect because of the international affiliation and its religious connotation to terrorism **Understanding Boko Haram** James J.

Hentz,Hussein Solomon,2017-05-08 The primary objective of this book is to understand the nature of the Boko Haram insurgency in northeast Nigeria Boko Haram s goal of an Islamic Caliphate starting in the Borno State in the North East that will eventually cover the areas of the former Kanem Borno Empire is a rejection of the modern state system forced on it by the West The central theme of this volume examines the relationship between the failure of the state building project in Nigeria and the outbreak and nature of insurgency At the heart of the Boko Haram phenomenon is a country racked with cleavages making it hard for Nigeria to cohere as a modern state Part I introduces this theme and places the Boko Haram insurgency in a historical context There are however multiple cleavages in Nigeria ethnic regional cultural and religious and Part II examines the different state society dynamics fuelling the conflict Political grievances are common to every society however what gives Boko Haram the space to express such grievances through violence Importantly this volume demonstrates that the insurgency is in fact a reflection of the hollowness within Nigeria s overall security Part III looks at the responses to Boko Haram by Nigeria neighbouring states and external actors For Western actors Boko Haram is seen as part of the global war on terror and the fact that it has pledged allegiance to ISIS encourages this framing However as the chapters here discuss this is an over simplification of Boko Haram and the West needs to address the multiple dimension of Boko Haram This book will be of much interest to students of terrorism and political violence insurgencies African politics war and conflict studies and IR in general
