Arranged Marriage Péter Berta, 2023-03-17 Arranged Marriage The Politics of Tradition Resistance and Change shows how arranged marriage practices have been undergoing transformation as a result of global and other processes such as the revolution of digital technology democratization of transnational mobility or shifting significance of patriarchal power structures The ethnographically informed chapters not only highlight how the gendered and intergenerational politics of agency autonomy choice consent and intimacy work in the contexts of partner choice and management of marriage but also point out that arranged marriages are increasingly varied and they can be reshaped reinvented and reinterpreted flexibly in response to individual family religious class ethnic and other desires needs and constraints The authors convincingly demonstrate that a nuanced investigation of the reasons complex dynamics and consequences of arranged marriages offers a refreshing analytical lens that can significantly contribute to a deeper understanding of other phenomena such as globalization modernization and international migration as well as patriarchal value regimes intergenerational power imbalances and gendered subordination and vulnerability of women
