A. Henty, 2018-02-04 Excerpt from *Bonnie Prince Charlie A Tale of Fontenoy and Culloden* It was well indeed for Britain that the enterprise failed Had it succeeded it would have inevitably been followed in time by another revolution another expulsion of the Stuarts and the country would have been thrown back a century in the path of civilization But although unsuccessful there are few episodes in history so romantic as the attempt on the part of Prince Charles to wrest the throne of Britain from the House of Hanover and the adventures which befell him from the time he landed in Scotland with half a dozen followers to the day when a hunted fugitive he again gained the shelter of a French ship read like a chapter of fiction For this reason I have chosen the subject as the framework of my story About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Bonnie Prince Charlie** G.A.
