Bookbinding and the Care of Books Douglas Cockerell,2008-11

BOOKBINDING BOOKBINDING AND THE CARE OF BOOKS A TEXT BOOK FOR BOOKBINDERS AND LIBRARIANS by DOUGLAS COCKERELL WITH DRAWINGS BY NOEL ROOKE AND OTHER ILLUSTRATIONS THE ARTISTIC CRAFTS SERIES OF TECHNICAL HANDBOOKS by W R LETHABY Considered by many bookbinders and librarians to be the clearest and most valuable exposition of hand bookbinding in English this volume concisely covers virtually every aspect of the craft from folding and collating pages trimming and gilding edges to preparing covers designing and inlaying on leather and creating clasps and ties PREFACE IN issuing this volume of a Series of Editor s Handbooks on the Artistic Crafts it will be well to state what are our general aims In the first place we wish to provide trustworthy text books of workshop practice from the points of view of experts who have critically examined the methods current in the shops and putting aside vain survivals are prepared to say what is good workmanship and to set up a standard of quality in the crafts which are more especially associated with design Secondly in doing this we h o e to treat design itself as an essential part of good workmanship During the last century most of the arts save painting vii Editor and sculpture of an academic kind were little considered and there was a tendency ti look on design as a mere matter of appearance Such ornamentation as there was was usually obtained by following in a mechanical way a drawing provided by an artist who often knew little of the technical processes involved in production With the critical attention given to the crafts by Ruskin and Morris it came to be seen that it was impossible to detach design from craft in this way and that in the widest sense true design is an inseparable element of good quality involving as it does the selection of good and suitable material contrivance for special purpose expert workmanship proper finish and so on far more than mere ornament and indeed that ornamentation itself was rather an exuberance of fine workmanship than a matter of merely abstract lines Workmanship when separated by too wide a gulf from fresh thought that is from designing inevitably decays and on the other hand ornamentation divorced from workman Editorial ship is necessarily unreal and quickly falls into affectation Proper ornamentation may be defined as a language addressed to the eye it is pleasant thought expressed in the speech of the tool In the third place we would have this series put artistic craftsmanship before people as furnishing reasonable occupations for those who would gain a livelihood Although within the bounds of academic art the competition of its kind is so acute that only a very few per cent can fairly hope to succeed as painters and sculptors yet as artistic craftsmen there is every probability that nearly every one who would pass through a sufficient period of apprenticeship to workman ship and design would reach a measure of success In the blending of handwork and thought in such arts as we propose to deal with happy careers may be found as far removed from the dreary routine of hack labour as

from the terrible Editors certainty of academic art It is desirable Preface in every way that men of good education should be brought back into the productive crafts there are more than enough of us in the city and it is probable that more consideration will be given in this century than in the last to Design and Workmanship **Bookbinding, and the Care of Books** Douglas Cockerell,1901 Bookbinding, and the Care of Books Douglas Cockerell,2018-08-06 Bookbinding and the Care of Books Large Print by Douglas Cockerell It is hoped that this book will help bookbinders and librarians to select sound methods of binding books It is intended to supplement and not to supplant workshop training for bookbinders No one can become a skilled workman by reading text books but to a man who has acquired skill and practical experience a text book giving perhaps different methods from those to which he has been accustomed may be helpful We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
